THOUGHT SOLUTION OF PETTY THIEVING

Arrest and Conviction of Leo Holloway, 17, Colored, Expected to End Stealing

GIVEN 6 MONTHS IN "FARM"

Boy Admits Entering Easley Home When Caught in Earl Moore's Residence Yesterday

Leo Holloway, aged 17, colored, was arraigned before Mayor Irvin this morning on charges of house breaking, having admitted to the police that he entered three Rushville homes, and was sentenced to a term of six months at the state penal farm. He was arrested yesterday, having been caught in the residence of Earl Moore, corner of Eighth and Harrison streets, by Mrs. Moore, who was alone in the house at the time.

Yesterday afternoon, Mrs. Moore heard a knock on her back door, and being upstairs, did not go down, but looked out an upstairs window, and in a short time heard someone enter the house. After investigating, he saw the negro, and demanded that he leave. His excuse for being in the house was very weak, the boy stating that he wanted to mow the grass. Mrs. Moore knew Holloway and after he had gone, called Larry Wyatt, her brother, and he notified Chief Seward, who went to the Holloway home and arrested him.

When lodged in jail, he was questioned by the police and admitted seeing the one who stole the money from the Miranda Kiplinger residence the first of this week, and the one of Walter Easley, a few days ago. He at first denied entering any of the houses, but when questioned he made a mistake, and was caught.

Chief Seward said, "Now Leo, you are seen on the day that Walter Easley's house was entered. Neighbors saw you up there, and I saw you out in his front yard. Furthermore, you went in at the back door, and took a five dollar bill and cents in money." Leo quickly corrected the chief, and said, "No, it wasn't a five dollar bill, it was a one dollar bill and four silver dimes."

He later confessed to entering the Kiplinger home, where two dollars were taken. He was questioned about entering the other homes which have been robbed recently, but did not confess. He almost confessed to entering the home of former Judge John Megee, but caught himself in time.

The police are confident that they have arrested the person who has made all of this daylight thieving.

At Last It's Out Where
Grasshoppers Get Their
Supply of Tobacco Juice

Everybody knows that grasshoppers spit tobacco juice, but just where the tobacco comes from is not known—or wasn't known until John A. Titworth discovered that his big field of tobacco was being destroyed by the grasshoppers. Today Mr. Titworth and County Agent M. F. Detrick were down in the tobacco patch near Orange trying to persuade the grasshoppers to abandon the field, and were giving them some of the grasshopper salad. The pests were eating the tobacco and would have killed the entire field, had not steps been taken to get rid of them. Mr. Titworth remarked today that the grasshoppers had better learn to smoke, and give the weeds a chance to ripen—then it would be too late.

AND MINERS IDLE

Due to Strike of Shopmen on The C. & E. I. Railroad

(By United Press.)

Terre Haute, Ind., Aug. 8.—Seven thousand miners were idle in this district today as the result of shopmen strike on the C. & E. I. railroad. The Pennsylvania railroad is endeavoring to maintain service to the mine.

Practically all of the mines on the C. & E. I. have suspended operation. There are approximately 2,200 shopmen out here, demanding increased wages, 500 of whom are working for C. & E. I. The remainder of the 1,700 were employed by Pennsylvania.

MRS. JAMES HAYES DIES NEAR RALEIGH

Resident of Northern Rush County
For Many Years Expires at Age
of 76 Years Today.

HUSBAND AND CHILDREN LEFT

Mrs. Sarah Frances Hayes, wife of James Hayes of near Raleigh, died at their home this morning about nine o'clock, after a long illness of a complication of diseases. Mrs. Hayes was 76 years of age, and was a well known woman of this county. Mrs. Hayes came to this county over 40 years ago and had been a resident of northern Rush county for a great number of years. She had been in poor health for some time and her death had been expected. Besides her husband, she is survived by two children, James L. Hayes of the same neighborhood, and Mrs. Betty McDaniel of near Mays.

The funeral services will be held Sunday afternoon at two o'clock at the Christian church in Raleigh by the Rev. L. E. Brown and burial will be made in the cemetery at that place.

GOING AFTER THE HIGH COST OF LIVING--SLACK

District Attorney Invites Information
Regarding Hoarding and
Restriction of Distribution

TO ENFORCE THE LEVER ACT

(By United Press.)

Indianapolis, Ind., Aug. 8.—"We are going after the high cost of living in this district," L. Ert Slack, United States district attorney, said today.

The Lever act provides for prosecution and heavy penalties for the hoarding of food and food necessities and conspiring to restrict supplying or distribution of such necessities.

"We shall not hesitate to libel and sell hoarded foodstuff as well as prosecute," Slack stated.

The district attorney invites complaints from officials and persons relative to the hoarding or restriction of the distribution or manufacture of any necessities.

BULLETIN.

(By United Press.)

Washington, Aug. 8.—Pres. Wilson today proposed extension of the Lever food control act to peace time, and broadening of it to include fuel, clothing and other necessities of life; enactment of law regarding food storage and federal licensing of all corporations in interstate commerce with specific regulations to prevent unreasonable profit.

WAS TO TAKE UP WAGE SITUATION

President Wilson Also Expected to Discuss Strikes and Production in Message Today

SCHEDULED TO SPEAK AT 4 P M

Many Congressmen Arrive in Response to Hurried Call Sent To Absent Members

(By United Press.)

Washington, Aug. 8.—The president's message in addition to recommending specific government action, probably will take up the wage situation, strikes and production, it was learned today.

He will advocate greater production and production without interruption is needed, it is learned.

Senators and representatives were besieged for tickets of admission to hear the president's speech at four o'clock this afternoon.

The senate met as usual today.

Many congressmen were arriving here today in response to the hurried call sent out by leaders to absent members who were within a days' journey of Washington, so there would be a quorum on hands when President Wilson made his address on high cost of living at 4 p. m.

President Wilson's speech to the joint session of congress is expected by members of both houses to be one of the most important he has ever made.

"If the president will make concrete proposals, congress is ready to get right to work on them, sift them down and pass whatever laws are needed," said Senator Gronna, chairman of the agriculture committee.

Many believed the president would ask little more than an expression from congress authorizing him to use his whole power to bring down the price of necessities. The Lever food control act with its drastic provisions aiming at hoarders and profiteers, may be proposed for re-enactment as a peace measure, it was believed.

Another suggestion said to be embodied in the measure is that a law be passed assuring shopmen higher wages.

TO PROBE "MEX" PROBLEMS

Washington, Aug. 8.—The senate foreign relations committee today decided on an investigation of the Mexican problem. The house reported favorably on the King resolution empowering the committee to investigate the matter of damages and outrages suffered by American citizens in Mexico.

Kokomo Whiskey Proves Undoing Of Bernard Powell In Rushville

Drives Machine Into I. & C. Tracks
Where Paving is in Progress and
Has to be Pulled Out

FINES TOTAL \$35 AND COSTS

After paying six dollars a quart for a bottle of whiskey in Kokomo, Bernard Powell of that place, paid \$35 this morning, in fines in the police court here. Powell and his father, James A. Powell of this city, were riding in a machine last night, and hit the street car tracks at Julian and Third streets, where the street paving is in progress, and their machine became tangled up in the mess of cross ties and steel rails, halting their procedure.

Policeman Newhouse investigated and took the driver of the machine, Bernard Powell to jail, where he remained for a time, until his father could get him out on bond. He ap-

SHOPMEN MAY GO BACK ON THE JOB

Telegram Received by American Federation of Labor Indicate They Will Return.

RESPOND TO WILSON REQUEST

Strike Vote Will Continue to Test Sentiment of Men—Not Likely To Favor Strike.

(By United Press.)

Washington, Aug. 8.—Telegrams received by the American Federation of Labor today indicated that the railroad shopmen who struck without authority have already started back to work in response to President Wilson's letter in which he asserted that the government would not consider the higher wages for them until all the men went back on their jobs.

Strikers were reported to have returned to all jobs on the Lackawanna and Norfolk and Western railroads.

Officials of the railroad department of American Federation of Labor met today to frame arguments to the unauthorised strikers to support the request that they resume work pending negotiations.

"We want our men to obey the president," said B. Jewell, active head of the American Federation of Labor railroad department.

Strike votes being taken among shopmen's local unions will continue, it was stated at the headquarters, to test the sentiment of the men. It does not indicate a strike will be authorized leaders said.

The appeal of organized labor for government ownership of railroads backed by veiled threats of serious unrest until plans are adopted, has so far found no open champion among the house and senate interstate committees.

Whether wage demands of railroad employees will be peacefully arbitrated or whether workers will defy the government and attempt to cripple roads by strikes apparently depended today on the response of striking shopmen to President Wilson's orders that they return to work before the request for more pay will be considered.

The president in a letter to Railroad Director Hines, told him to take up the wage question without further orders from congress, but he also said that no dealings would be made with the employees until the shopmen went back to their jobs.

FIXES PRICE OF FLOUR.

New York, Aug. 8.—Julius Barnes, government wheat director, announced today that the United States grain corporation will sell flour through the usual channels at \$12 to \$12.25 a barrel.

APPEALS TO CIRCUIT COURT

Sanford Heaton Acts in Case in Which he Was Fined For Assault

Sanford Heaton, who was found guilty of assault and battery on Harry Colestock in the justice of peace court, before special squire J. V. Young, about two weeks ago, has appealed his case to the circuit court. In the justice of peace court he was fined a dollar and costs, which amounted to \$38.65. Heaton was arrested on three charges, that of assault, provoke and surety of the peace. The provoke and assault cases have been tried, and the surety of the peace case will have to be tried in Noble township where the act is alleged to have happened.

ED MILLER GIVEN ANOTHER CHANCE

Mayor Irvin Reconsiders Case After Ordering Sentence to Penal Farm Revoked.

DID NOT DO AS HE AGREED TO.

Ed Miller was placed in jail yesterday afternoon on orders from Mayor Irvin, and his sentence of 90 days in the penal farm was revoked, because he had not given a weekly account of himself, as he was instructed to do, following suspension of his sentence in police court, a few weeks ago.

Miller was arrested a short time ago with Russell Looney on charges of larceny, having admitted taking automobile accessories from Frank Offutt's car, which was wrecked in an accident northwest of Rushville. At that time Mayor Irvin sentenced them to the state farm for 90 days, but suspended it. Miller has not made his weekly report and was ordered yesterday to be taken to the farm. This morning, however, Mayor Irvin decided to give him another chance, and he was released from jail.

SAYS SHOPMEN WILL NOT RETURN TO WORK

S. Galloway, Chairman of Indianapolis Strike Committee, Says Wilson Letter Doesn't Matter

HAD PLENTY OF TIME TO ACT

(By United Press.)

Indianapolis, Ind., Aug. 8.—Striking railroad shopmen will not return to work until their demands are met, regardless of President Wilson's statement not to consider their demands until the workmen return to work.

That was the ultimatum of S. Galloway, chairman of the striking committee, representing 6,000 men.

"We have all due respect for the president, but he has had plenty of time to prevent this strike," Galloway stated.

During his speech to striking workers he was greeted by cheers. Freight traffic on all roads out of Indianapolis is at a standstill and passenger traffic was beginning to feel the pinch of the strike.

33,000 MEN STRIKE

Chicago, Aug. 8.—A general strike of 33,000 employees at the packing plants is the stockyards began at 9 o'clock this morning. The action followed the decision of the stockyards labor council last night to call a general strike unless the state troops and police guards were immediately withdrawn from the plants. The strike was precipitated by the return of 5,000 negroes to work yesterday.

SHELBYVILLE TO SEND DELEGATION

Crowd Coming to Hear Harry Smith of Davies Light Opera Co. at Chautauqua

FORMER SHELBYVILLE BOY

IN FRANCE 18 MONTHS AS A "Y" SECRETARY

A. F. Stewart, Formerly of High School Faculty, is Here on Two Months Furlough.

ON FRONT LINES 7 MONTHS

A. F. Stewart, formerly a member of the Rushville high school faculty, who was overseas eighteen months as a Y. M. C. A. secretary, has arrived here on a two months furlough and is visiting relatives.

Mr. Stewart has been transferred from military to civilian work and will likely continue in Y. M. C. A. work at the expiration of his furlough.

During his first seven months in France, Mr. Stewart was on the front lines and every day saw the horrors of war. He followed the First division and was with this famous outfit of fighters at Soissons, St. Mihiel and in other major operations in which they engaged.

Mrs. Stewart who has lately been visiting in Ann Arbor, Mich., arrived today. She has spent most of the time her husband has been away, with a sister in California. Mr. Stewart, who taught mathematics in the Rushville high school for many years, left here thirteen years ago, and when he entered the Y. M. C. A. service, was instructor in Latin at Monmouth college, Monmouth, Ill.

Hoosier Corn Turner

2nd and Penn. R. R.
RUSHVILLE, IND.

Saves its cost in 3 days. Saves corn, time and labor. Fits any drill and can be attached in a few minutes. These turners will do the work in any kind of down or elbowed corn. Will make the drill run perfectly smooth. Will keep the outside discs from riding or getting on row of corn; roll the pumpkins out of way without injury.

Get your drill ready for Fall sowing by attaching one of these turners. A great quantity were sold last year and gave entire satisfaction.

The public is warned not to infringe or make these devices as we are fully protected by patent.

Hoosier Corn Turner Co.

PRICE \$15.00 F. O. B. RUSHVILLE, INDIANA.
SECOND STREET and PENN R. R.

CULLING METHODS WILL BE TAUGHT

Four Demonstrations Will be Held
at Various Places in County
August 12 and 13

POULTRY EXPERT IN CHARGE

Farmers Will be Instructed in Methods of Picking Out Layers—
Mistake Often Made

The poultry culling demonstrations which have been scheduled by County Agent Detrick for August 12 and 13 have met with the favor of poultry keepers.

The common method of culling hens has been to pick out all of the pale legged, late molting hens in the fall and sell them with the young poultry that is sold at that time. By this method of selection the best layers are usually sold, said Mr. Detrick today. Trap nest records show that the hen that lays heavily takes the yellow coloring matter out of her skin to make the yellow in the yolk of the egg and is lacking in the deep color commonly supposed to indicate health and vigor. The trap nest has also shown that the hen that lays heavily all summer molts late while the later molts as soon as she has quit laying which may be as early as the first of June.

These early molters are not early winter layers as some think but are loafers and will lay a few eggs in the spring when all hens lay and then take another long rest.

The success of this new method of culling has been demonstrated by Alva Swain of Arlington who, after attending one of the demonstrations last August, culled his flock, taking out 19 that he considered culls. He kept the culls in a separate pen and transplanted them. He found that he had 3 layers in the 19 that he had culled out. He then culled another flock of 182 hens, taking out 76 culls, and kept them in separate pens. The culls had one egg for each 17 hens daily while the selected hens had one egg for each 3 hens daily.

Arrangements have been made to have LeRoy Jones, who is recognized as one of the best poultry authorities in the state, give four demonstrations in culling out the poor layers by the new method.

These demonstrations will be at John Zeigler's, 2 miles north of Rushville, 9:30 a. m. Tuesday, August 12.

Jack Hall's, 1 mile north of Raleigh, 2 p. m. on the same day.

Clifford King's, 2 miles north of Milroy, 9:30 a. m. Wednesday, August 13.

Frank Offutt's, Arlington, 2 p. m. Wednesday, August 13.

Since every body culls his poultry by one method or another, the county agent is anxious to give everybody a chance to learn this method which has proven itself the best that is known to poultry students.

THOUGHT SOLUTION OF PETTY THIEVING

Continued from Page One
and in the last few weeks, the following places were entered: Orville Zimmer, John H. Frazee, Robert L. Tompkins, Albert L. Winship, J. V. Young and Mrs. Frazier Johnson, in addition to the ones mentioned above.

At the Tompkins home \$47 was taken, but he denied taking the money, as he didn't know where Mr. Tompkins lived. It is a known fact, however, that Holloway was flush with money after this robbery, and made a trip to Dayton, O., going in a new suit of clothes, with a pocket-book well filled with money.

When arrested yesterday, he had

In his possession several door keys, all sizes, and no doubt could open any door that he wanted to. He did not have much money with him yesterday.

When the home of Judge Megee was robbed, some change was taken from a hair receiver in Mrs. Megee's room, and when the Zimmer home was entered last week, the hair receiver was literally torn to pieces, in search for money. So the evidence points to the fact that the same person entered both places.

Young Holloway is the son of Mr. and Mrs. Major Holloway, 639 West Ninth street, and his action was a surprise to the colored people of this city, as his parents are very highly respected by them. The family has lived in this city for a number of years, and this is the first trouble which any member of their family has been in.

The police stated today that none of the robberies which had been committed, was, reported to them, and all that they ever knew about them was from what they had heard on the streets, and had the people whose homes were entered notified headquarters at the time of the robbery, like Mrs. Moore did, the chances are that the culprit would have been caught sooner.

Chief Seward will leave Monday for the state farm with Holloway, where he will begin his six months of imprisonment.

PUBLIC SALE

The undersigned will offer for sale, at Public Auction, at the residence of James A. Dill, 2 miles north of Rushville on
FRIDAY, SEPT. 5th, 1919
AT ONE O'CLOCK P. M.

THREATENS TO HOLD UP FOOD SHIPMENTS

United States Sends Ultimatum to Roumania, Demanding Modification of Terms

BOLSHEVIK RULE IN HUNGARY

(By United Press.)

London, Aug. 8.—American officials have sent an ultimatum to Roumania asking that they modify the terms imposed upon Hungary and threatened to withhold the food supply if the request is not complied with, according to Vienna advices reported in Exchange Telegraph dispatch from Copenhagen.

Budapest, Aug. 8.—While allied troops are maintaining order in Budapest the Bolsheviks are reported to have seized control in southwestern Hungary and are said to be murdering the bourgeois population.

Secret murders of hundreds of victims during the Bolshevik regime have just become known.

One terrorist, who was arrested today, boasted in an interview that he had committed 18 murders under orders of one of the Bolshevik leaders.

JEWELRY STORE IS ROBBED

\$100,000 Worth of Jewels Stolen at San Francisco Today

(By United Press.)

San Francisco, Aug. 8.—Two men robbed the Morgan Jewelry company's store of \$100,000 worth of jewelry shortly after the store opened today.

Both men were armed and one was masked. Entering as the clerks were taking a box of jewelry out of the show case, the robbers forced the clerks to be down on the floor and then seized the jewelry.

It was believed they had an automobile in which they escaped.

FIFTH COURT DAY IS QUIET

Appointment of Gahimer Guardian Only Matter to Come Up

The fifth day of the vacation term of court was comparatively quiet today, and the only thing scheduled was the appointment of a guardian in the Gahimer case, which was to come up this afternoon. Yesterday afternoon the court allowed the claim of Laura A. Hasty, against the estate of Pheobe Dudgeon in the sum of \$2,288, which was in payment for board, nursing and caring for the deceased for a period of six years, prior to her death.

Money on the Farm.

Money, actual cold hard cash, is about as useful on a farm as a good disc harrow or a reaper and binder would be in a bank. Old Si Tuttle used to tell a tale about a farmer of the old school who always kept several thousand dollars around the house because it "might come in handy some day". Nobody ever found the money come in handy until a prowling tramp one night negotiated the woodshed roof and a back window, and the cash became what old Si called "a total loss with no insurance". Si used to say that no farmhouse was ever built with a safe deposit vault.

A bushel of seed corn is no earthly use to anybody if it is simply put in a bag and stowed away. To get results out of that seed it must be put where it will work—where it can grow. Good rich ground is the only safe place for seed corn if you want to get results.

You can't get results out of money by keeping it in your pocket, in a stocking, in a wallet, or in a bed. Money will work and money will grow but it will only work and grow when it is put in the proper place. The place for money is in business, in solid, safe sound reliable business, either an individual business or the business of the nation. Safely invested money will bring prompt and adequate returns in the form of interest. That is why the government is offering America the opportunity to put himself on the road to financial independence by investing his savings in War Savings Stamps and Treasury Savings Certificates, an absolutely safe investment guaranteed by the government.

Money laying around the farm is a total loss. You can't spend it in the woodlot or the south meadow. Put it to work.

Expenditure Exceeds Revenue

A report soon to be issued by the Bureau of the Census entitled "Financial Statistics of States, 1913" reveals the fact that the revenues of 18 of the forty-eight states in the Union have been insufficient to pay their expenses during 1918. In thirty of the states however, the revenues exceeded the expenditures, (including interest, and outlays for permanent improvements), by \$37,418,163. In the eighteen states which failed to make both ends meet the expenditures exceeded the revenues by \$14,597,448.

Of the total revenues, nearly four-fifths, or \$459,774,245, represented receipts from various sorts of taxes. Of this sum 45 percent was derived from taxes on real estate and personal property. Of the remainder the largest item was contributed by business taxes other than the liquor

Tell old truths in a new way, and people will call you an original man.

The mirror pays no compliments. It shows all the wrinkles and moles.

The main thing a speaker should keep in mind is to get through and sit down.

Prisons are full of people who had dollar desires and half-dollar incomes.

Hez Heck says: "The fact that dead men tell no tales must be sweet consolation to widows."

The man who doesn't wear a wrist watch attracts more attention now than the man who does.

Greatness consists in developing your brain so that it registers just a decimal or so above par.

traffic. The liquor traffic yielded \$20,849,332.

Lord Byron said, "The best prophet of the future is the past". The essentials of mortality have been recognized through thousands of years, and they have not changed throughout the progress of civilization, yet the world has been periodically convulsed with war. We may repeat again the great dogmas of our moral system: Do good to others; love your neighbor as yourself; forgive your enemies; but is there any reason to believe that the future conduct of the world will be more influenced by them than it has in the past?

Senator Thomas of Colorado bases his objections to the league of nations on fundamental truths the soundness of which have been repeatedly proven since history began. "The nations are as the individuals composing them", says he. "These are naturally and necessarily concerned first for their own interest and welfare, to which all other considerations, even that of permanent peace, are secondary."

The proposed treaty of alliance with France provides that we shall go to the aid of France in case of any unprovoked attack by Germany. In case of trouble, France would, of light to enter the war or stand discredited.

We have a faint recollection that once upon a time a man went wabbling down our main street and people said he was boozy. But, then, that was a long, long time ago.

Some men are born tired, some become tired, while others are too darned lazy to even get tired.

Yes, the airship is a wonderful invention—until it takes a tumble.

Super-Suburb in Brighton

London. (By Mail).—It is said that the average English middle-class home is so ugly it ought to be burnt down and Englishmen are just beginning to realize this fact, with the result that all over England plans are afoot to build model villages and model suburbs.

Brighton is the first to lead the way. They are building a super-suburb, consisting of 900 houses, so planned that there will not be more than 10 to the acre. This will allow each house a garden of 16 rods—or 640 feet.

The suburb is to be built in an orchard setting. Fruit trees will line the roadways. There will be no walls, the gardens being divided by hedges. There will be recreation grounds, allotments and common playgrounds. The houses are to be built on modern and artistic lines, the internal arrangements being the last work in house-comfort.

The only fly in the ointment is the question of small boys. Will they be model enough to inhabit a model suburb, or will they help themselves to the fruit that abounds in the public thoroughfares? It is hoped they will become imbued with a great respect for communal rights and thus grow up first-class democrats.

Current Comment

The Despised Public.

(From the Lowell Courier-Citizen).
"We've got you by the throat. You can't do anything about it. Now, then, curse you, stand and deliver!" Some such philosophy appears to be behind the present strikes of the public service corporations, such as that which has been tying up the city of Boston.

For this situation, we firmly believe, no other man is more directly responsible than the President of the United States.

Mr. Wilson picked the first brick out of this pavement when he backed out before the railroad brotherhoods on the eve of the election in 1916. That arresting spectacle of a President and Congress absolutely dominated by four hulking labor unions remains the first deplorable scene in a lengthening series of unenlivening pictures. From that day forward we have been treated to an increasing number of labor troubles based on an assumption that the public and its lawmakers are powerless and have no recourse save to give in and give in yet again. To clinch this impression much was done by the Government's various agents empowered to keep industry moving during the war. Repeated concessions designed to save a temporarily disagreeable scene quite naturally crystallized the permanent idea that the public had no other answer. However necessary this policy may have seemed to be during the war, it clearly had its abiding drawbacks. It created the idea that there was no power in the public or in the Government sufficient to insure the uninterrupted service of either the railroads, telephones, telegraphs or any other necessary public utility, in the face of unionized determination to force a fresh raise by laying the whole country simultaneously under contribution.

Amusements

Walthall Again Tonight.

The Henry B. Walthall picture which was shown last night at the Princess will be repeated tonight. "The False Faces", is adapted from the novel, which appeared recently in the Saturday Evening Post, and Walthall takes the leading role. It contains many incidents relating to adventure, and will hold a crowd spellbound for a long time. Tomorrow night May Allison will be seen in "Peggy Does her Darndest", a picture which is bound to please the Saturday night crowd, and is full of comedy. A Mack Sennett comedy, "Loves False Faces" is another two reel comedy, which makes the Saturday program a complete comedy bill.

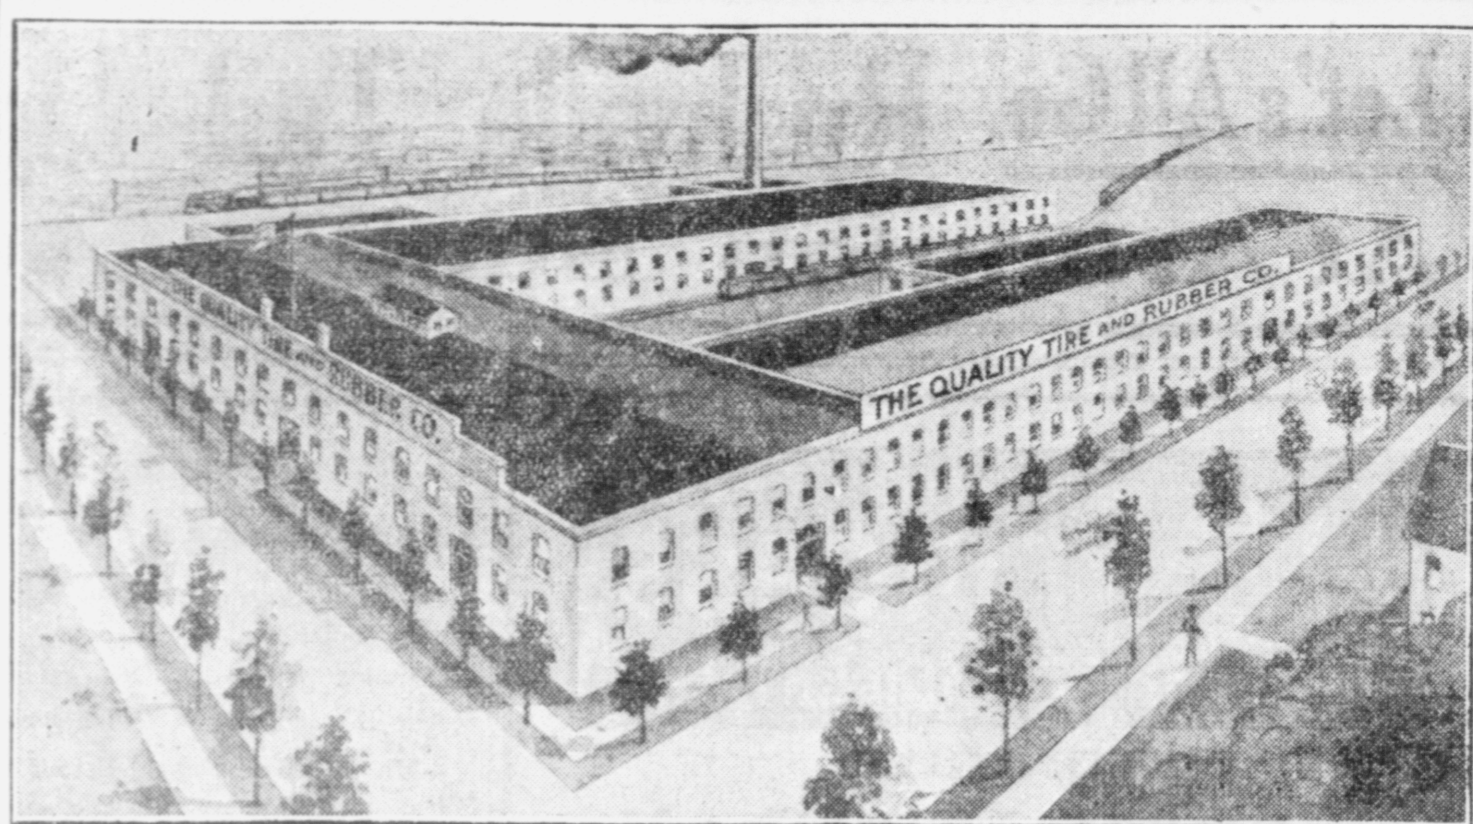

Matinee Idol on Screen

"The Exquisite Thief," Priscilla Dean's latest Universal Special Attraction, which will be shown tonight at the Mystic theatre, presents as leading man one of the foremost matinee idols of the stage. He is Thurston Hall, who formerly appeared in support of Lillian Russell (in "Wildfire") Marguerite Clark, Amelia Bingham and Charlotte Walker. Perhaps most theatregoers will remember him as "Ben Hur" in General Lew Wallace's record-breaking play of that name. Mr. Hall's last appearances on the stage were in "Love o' Mike" and "Have a Heart."

J. Gordon Edwards persuaded Mr. Hall to desert the stage for pictures, casting him in the part of Marc Antony in Theda Bara's "Cleopatra." The former matinee idol admits frankly that he prefers acting on the stage, but that the advantages of home life afforded by motion pictures more than reconcile him to leaving his first love.

Mr. Hall is a Bostonian and had prepared to enter Yale before he decided on a stage career. He is a lover of out-door life and his particular hobby is the breeding of fancy rabbits.

It is claimed that one of the new emergency brakes for automobiles can be applied with the pressure of a finger.

She was fond of her daddy, but he was not a thing of beauty. In fact he was the neighborhood's pattern for all that is homely in the male sex. His daughter, aged 6, was sitting on his lap and squinting at herself in a hand mirror.

"Daddy," said she, "did God make you?"

"Yes, my dear," said her father. The child took another squint in the mirror and then looked at her father and said:

"Did God make me, too?"

"Why, certainly. What makes you ask?"

"Well," she said, taking another peep at herself in the mirror and then at him, "he seems to be doing better work lately."

CASH PRIZE OFFER: A prize of \$1.00 will be awarded each contributor of a joke to OUR DAILY LAUGH which we accept. Only new jokes, those never before published, are considered. Contributions will not be returned unless stamped envelope, bearing your address, is enclosed. Mail stories to contest editor, Daily Republican.

New Chemical Kills Bed Bugs P. D. Q.

The new golden colored chemical Pesky Devils Quiescent, P. D. Q. can now be had at any drug store, as arrangements have been made whereby the retailer can get it from his wholesaler.

The new chemical, P. D. Q., is very powerful. A couple of ounces can be procured for a few cents and you'll have enough to kill a million bed bugs if you could get that many together. P. D. Q. does not rot or burn the springs or clothing. It leaves a coating on their eggs and prevents hatching.

P. D. Q. if properly used, kills the house entirely of the bed bugs, ants, roaches and fleas. Safe to use to rid your pet dog of fleas.

A patent about free in every package of P. D. Q. enabling you to get the pesky insects in the hard-to-get-at places.

**ESSEX
MOTOR
CARS**

Question To Ask

Will the Essex passenger capacity meet your needs? The touring car and the sedan each comfortably carries five. The roadster is for two, and has unusual capacity for luggage.

Car size, other than that of passenger capacity is unimportant. In the Essex it means greater driving ease and the opportunity of providing comfort, higher quality and greater performance at a moderate price and low operating cost.

Think how large the cars a few years ago compare with those of today.

The trend is toward smaller cars. The Essex is easier to drive, easier to park, costs less to operate, and is as comfortable to ride in as a large, costly car. The Essex marks the car of the future in respect to size, and it combines the wanted qualities of economy of the light car with the performance and endurance of the costly automobile.

How About Its Performance?

Every Essex owner knows he doesn't need to take the dust of any car. He can tour as fast or as far as any car will go. He has power for the hills—acceleration for every requirement.

Owners of large cars tell us their preference for driving the Essex. They travel faster because they can get under way so quickly. They can turn in narrow streets. They can thread in and out of traffic. The Essex takes up so little room it can be parked in spaces too small for large cars, and it costs less when degree of performance and quality are considered. The Essex saves in gasoline and tires.

Look For Its Imitators Next Year

Essex success means next year's cars will be modeled after it. Look for its body lines, and other features in cars that will come out from now on. The Essex has filled the demand for a light weight car with performance and enduring qualities. It is not an old model modified to meet the trend toward lightness and economy, comfort and luxury. To get what the Essex has, requires a design that begins with one idea in view. A new trend in design is reflected in the Essex. It can not be met through the adaption of those principles that have been in vogue.

The Essex is the new word in motor cars. Its performance is proved everywhere and its endurance is unquestioned. Can there be any doubt, after such proof, that it is the car you want?

Fiery Itching and Burning of Skin Is a Most Cruel Torture

Sure Speedy Relief in S. S. S.

Why suffer from these persistent tortures when it is so easy and costs so little to do as thousands of others have done and get relief through S. S. S.? It is now well known that eczema comes from the blood. By giving the blood a thorough cleansing you not only get sure and speedy relief but you also build up the system and renew your vigor and vitality. This good medicine has stood

the test of 50 years as one of the greatest blood cleansers known. It is guaranteed entirely free from minerals of any kind.

The experience of others has established the unfailing merits of S. S. S., and there's no question about the wisdom of your giving it a thorough trial. All reputable druggists sell it. If in doubt as to your case write to Medical Advisor, Swift Specific Co., Dept. 54, Atlanta, Ga.

SHELBYVILLE TO SEND DELEGATION

Continued from Page One

Shelbyville people are counting on hearing him Friday at your chautauqua.

A letter received from the manager of the company this morning, announced that a crowd of five hundred people was expected from Shelbyville when they appear here. The company, will come to Rushville from the Rockville chautauqua and will give the comic opera, "Olive", Friday night, it is announced.

Only one day will elapse before the chautauqua opens and final preparations are being made for the event. The best attendance in the history of the assembly here is indicated by the interest which has been shown. The sale of season tickets is said to be the best since the chautauqua has been given in Rushville, which leads to the belief that the attendance will be above the average.

The Sunday program is one which equals the standard of previous assemblies here. In Mable Quan Stevens, who will speak twice on the opening day, the program committee has obtained the foremost woman of the chautauqua platform. Rushville people who have heard her at Winona are extravagant in their praise of her.

The two companies of entertainers who will help open the 1919 chautauqua are the DeMille quartet and the Alice Shrode company. Little Alice Shrode is known to Rush county people who have made a habit of attending the assembly. This winsome little girl delighted an audience of two thousand people on two occasions here a few years ago and her fame has lived after her. It is expected that standing room in

the coliseum will be at a premium when she makes her first bow Sunday. Her remarkable talents and charming personality won for her scores of admirers who did not soon forget her.

The members of the DeMille quartet are all Canadians and have established a unique reputation for their ensemble work. It is said that the chautauqua platform does not boast of a quartet with a finer record. Aside from the solo work of their accompanist, their offerings are purely vocal. They will be here Sunday and Monday and will appear on every program giving a complete concert Monday afternoon.

The lecture for Monday night by Cyrus B. DeVry will be something out of the ordinary for local audiences. As director of the zoological department of Lincoln park, Chicago, he has had an experience of twenty-five years devoted to the care of animals. He has accumulated a vast amount of information concerning animals, their habits and peculiarities, which, woven into an intensely interesting story, makes DeVry's lecture one of the most attractive lectures offered any chautauqua crowd.

SHERIFF JONES BACK HOME

Takes Two Persons to State Institutions This Week.

Sheriff Jones has returned home from Jeffersonville where he took William Sweazey, who began his term yesterday.

On the day previous, Mr. Jones, accompanied by Mrs. Frank Bender, took Miss Ida McDaniel to the insane hospital at Madison. Miss McDaniel is 22 years of age and is the daughter of Mr. and Mrs. Claude McDaniel of Arlington, and was recently adjudged to be a person of unsound mind and was taken to the hospital for treatment.

The sky reflection of the lights of London has been seen in favorable weather fifty miles distant.

Fad to Have One's Face Done Over

By MARGARET ROHE

Oh Beauty Does since you can now conspire.

To grasp some sorry face or two entire.

How you do shatter skin a bit and then

Remold it nearer to the heart's desire.

New York, Aug. 8—Really it's getting to be quite the thing to have one's face done over every season or so—quite like one has the house or the limousine refinished and redecorated, don't you know? Only when it comes to face values, it certainly takes a bit of doing.

If Charles V or Philip II of Spain could only peep in on one of our up-to-date beauty parlors in full operation, they'd blush for very shame over the puerile and feeble accomplishments of their erstwhile inquisitorial torture chambers. Skinning 'em alive was one of their particular contemplations a skinned, however, fragile females suffer a skinning as a mere incident in their frenzied seeking for pulchritude. They turn one cheek and then the other to prove that beauty is only skin deep. With the aid of a skilled beauty expert, several assistants, some acid and a bit of slow agony, they shed a weather-beaten epidermis for a peaches and cream new babe-skin and call it a well spent day. If you are contemplating a skinned, however, it were well to count on more than a union day. A few hours will see you skinned all right but you will still have to do a bit of time and a bit of suffering in the privacy of your boudoir before your face is quite itself in its brand new cuticle.

Then there's the fetal double chin, the dreaded crows-foot and all the other ills that beauty's heir too. If you don't object to a snip here and a slash there and a bit of plain and fancy sewing, these can all be put quite out of countenance. Some of our best known movie idols and idolettes have had gussets and gorges and tucks and French seams taken in

their physiognomies, till there isn't even a poor little elusive laugh wrinkle left among the lot.

As yet this facial surgery and wrinkle removing science is in its infancy, but among the theatrical profession it has undoubtedly proved a great success. With the perfection that time and experience and experiments always add, it will soon become as common a thing to have your face done over as to have your crooked teeth straightened up into plumb.

A bit of butchery changed the map of Europe and now a bit of butchery will do the same for Midway's map. All the wonders the surgeons performed during the war on the unfortunate jaw and face victims eager to suffer in the cause of pulchritude. This new method of drawing it up over the temples and cutting and lifting the skin and forehead to eliminate wrinkles and puffs about the eyes, the elliptical incisions and sutures and such like to abolish a superfluity of chins certainly has it all over that recently exploited method of filling up the hollows with liquid paraffine. At the hard finish, a sort of a lump jaw effect was the oftenest result obtained.

Though our old friends Charlie V and Phil II would undoubtedly feel quite at home among the fiendish paraphernalia attendant upon the process of turning perfectly good straight hair into the crooked path of the curly, the permanent wave process is really not as bad as it looks or smells. So greatly has it been perfected since its first invention that now it is as simple and painless as a manicure. Sometimes of course you do get a bit "fiet" up in the scalp and feel as if some love locks were being plucked out by the roots, but on the other hand and oft times both some of our best little manicures gouge out corners and go to bloody lengths on the cuticle, so there you are.

To be sure it takes a lot of cash and a lot of fortitude, but if you don't weaken you can week-end at a beauty parlor these days, going in a plain Jane and emerging a perfect Mary Pickford.

With so much beauty right ready

just for the pay and the pain, you can't help thinking that the years to come will be so cloyed and surfeited with just one beauty after another that an ordinary an naturelle girl with wrinkle or a chin or two will stand out refreshingly amidst so much pulchritude, like an oasis in the Sahara. Just as a gamble, I think I'll leave my little old last year's face alone and see.

The Rebekahs will meet this evening at eight o'clock. A good attendance is desired as business of importance is to be discussed.

The Little Flatrock Woman's Home Missionary society met yesterday afternoon in the parlors of the church. After a short business session, an interesting program was carried out, the leader being Mrs. Alva Johnson.

Mrs. Ed Chambers, 124 East Seventh street, has had as her house guests this week Mrs. Glen Perry of Columbus, Ind., and Miss Sada Jones of Franklin, boys' matron at the Masonic home. Mrs. Perry has returned to her home and Miss Jones will leave tomorrow for Franklin.

Mrs. J. C. Sexton delightfully entertained the members of the Grand Club yesterday afternoon at her home in North Main street. The guests enjoyed the hours playing Bridge, after which the hostess served a refreshing luncheon. Mrs. O. H. Bradway of Newcastle was a guest of the club.

Miss Carol F. Craig of Greensburg and Harold M. Willeford, living south of Milroy, were married yesterday afternoon by the Rev. C. S. Black, at the Methodist church parsonage. Mrs. Willeford is a niece of Judge Craig of the Deatur circuit court and Mr. Willeford is the rector on the Emory J. Power farm, south of Milroy, where the young couple are now at home.

Mr. and Mrs. Charles Inlow, of near Homer, entertained with a prettily appointed dinner party at their home last Sunday. A bouquet of summer flowers formed the centerpiece for the table and covers were laid for Mr. and Mrs. George Byers and children of Seymour and Mr. and Mrs. Thuis and children of Shelbyville. The guests motored to the home of Mr. and Mrs. John Dewester in the evening.

The Young Ladies Missionary Circle of the Plum Creek church met Wednesday at the beautiful country home of Miss Esther Eakins near Gings with Miss Ruby Ertel as leader. After an interesting program, refreshments of ice cream and cake were served by the hostess. The next meeting of the circle

Vacation Luggage

Whether you go to the lakes, take a long trip in your machine, or spend the week-end away, we are meeting each and every want in the luggage line. We have a complete line of bags, suit cases and trunks. We have luggage adapted to each kind of vacation or trip.

Black bags of split leather and genuine cowhide, English hand-sewed frame, slide and lift catches, sewed and riveted corners, any kind you desire, from \$5.00 to \$15.00.

Ladies' Black Enameled Leather Suit Case, light weight, blue moire silk lining, elastic pockets, sewed on frame, a beautiful bag at \$15.00

We Give You Service

Has Thanksgiving Every Day

"Two years ago, after suffering many years with stomach trouble, I took a course of Mayr's Wonderful Remedy and I haven't been sick a day since. I can eat anything I want and have no pain at all. Three doctors had advised operation, but your remedy has cured me. Every day is thanksgiving for me." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale by Druggists Everywhere.—(Adv.)

ALL WRONG

The Mistake is Made by Many Rushville Citizens

Look for the cause of backache. To be cured you must know the cause.

If it's weak kidneys you must set the kidneys working right.

A Rushville resident tells you how.

Frank McFarland, 830 W. Tenth St., says: "My kidneys began to get weak and in a short time I was so bad off I could hardly get about. My back was in terrible shape. It ached so, especially at night that I could hardly sleep. Mornings my back was so stiff that when I bent over, I could hardly straighten again. The kidney secretions were too frequent in passage and highly colored. Another of the family had used Doan's Kidney Pills with such good results, I thought I would try them, so I got a box at Johnson's Drug Store. They helped me right away and I kept on using them until I was cured."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. McFarland had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. —(Adv.)

Buying Shoes Means Buying Comfort or Discomfort

NO MATTER how good looking, how smart, or how substantial the shoe you buy, it's not your shoe unless it's comfortable.

You know how a shoe should "feel." It's part of our business to give you shoes that feel that way. We are convincing more people all the time that we do know our business.

A Really Wonderful Record

THERE is in this territory a Hupmobile on which no important or costly part has ever been replaced up to this time.

The car has never left the possession of its original owner, who has given it the care to which any piece of fine machinery is entitled.

This man has enjoyed almost uninterrupted service from his car.

Practically all his expense has been his running cost—and it is a fact that the Hupmobile is unusually economical on tires, oil, and gasoline.

All the Hupmobile owners we know can tell you how much Hupmobile economy and service-from-the-car mean to them.

Ford
THE UNIVERSAL CAR

The Ford car can well be called the "peoples car," because there are more than 3,000,000 of them in daily operation. That is about four to one of the nearest follower in the motor car industry. This would not be so if the Ford car had not for sixteen years proven its superiority in service, in durability, and in the low cost for operation and maintenance; this would not be so if the Ford car was not so easy to understand, so simple in construction that anybody and everybody can safely drive it. DRY ONE MONTH, NEW YORK IS SAD

Bartenders Who Used to Mix The
Drinks are Now Seeking Other
Lines of Work

ABOUT GIVEN UP ALL HOPE

Old Broadway Misses the Men Who
Used to Drop in Occasionally to
Get Away From the Sun.

(By United Press.)

New York, Aug. 5.—Bartenders, formerly helmsmen of many a schooner, under the good skipper Old Man Hattan, are now looking for a snug harbor as a result of the demise of their friend, John Bar Le Corn, one month ago.

But the late mixers of merry mullage declare the first of July and the consequent advent of prohibition brought them one relief, viz., they no longer have to answer the question which was propounded about 98,764,834 times: "Well, Joe, whatta ya gonna do after prohibition comes?"

The famous characters who won national reputations for their skill in concocting juleps and toddies are now seeking other employment, and they have become conspicuous by their absence from this city's famous thoroughfare Broadway.

And Broadway misses the men to whom it used to whisper its troubles. The well known cafes and cabarets are no longer patronized by the crowds of sun-dodgers who once almost lived in them. The owners predict that they will soon go into bankruptcy unless the ban on strong liquors is lifted. They are fairly whistling among tombstones in an effort to maintain optimism, but this is difficult amid surroundings of empty tables.

As the Great Thirst approached, the proprietors were shaken with doubt. Some opined it might be possible to serve capers and foodstuffs a profit without the admixture of alcohol, but they are now mostly convinced that it is impossible.

Prominent restaurateurs say people simply won't eat enough food to make a floor show profitable. There is a distinct height to which prices can go and there they must stop. Patrons were given a sad awakening as the prices began to jump immediately after prohibition. These patrons worried little about prices so long as they could drive away dull care by a cocktail. But there is slight exhilaration to be found in a ham sandwich, plain.

The owners entertain vague hopes that some miracle will occur to save their fortunes. The Anti-Saloon League may be declared unconstitutional and the eighteenth amendment repealed—perhaps.

Bon vivants intent upon eating green corn would if perfectly sober resent the irruption of a young person dressed like a Kewpie and playing a violin. Ladies from our best circles have in the past been known to think it a good joke when the young lady on the end tickled a fat husband on his second chin with her toe. Under present conditions such an incident would furnish a topic for fireside discussion for the rest of the year.

Then there is the chance that the cabaret proprietors might abandon the theatre business and entice custom by purveying very good food. But that has not been the New York way. The New York habit has been to order a large plate of something hot, washed down with something cold, and followed by something cold irrigated by something hot. Then the diner turns red and glows. Perfect service of perfect food may follow the departure of the cabaret from the better New York restaurants.

NOTICE OF COMMISSIONERS' SALE OF REAL ESTATE

The undersigned Commissioners by virtue of an order of the Rush Circuit Court, made and entered in a cause therein pending entitled George W. Goddard vs. Mary Gardner and numbered 181 upon the docket thereof, hereby gives notice that at the law office of Morgan & Ketchum in the city of Rushville, Indiana, on

WEDNESDAY, SEPTEMBER 1st, 1919, at the hour of one o'clock p. m. of said day and from day to day thereafter until sold they will offer for sale at private vendue, at not less than the full appraised value thereof, the following described real estate in Rush county, Indiana, to-wit:

The west half (1/2) of the northwest quarter (1/4) of section nine (9), township thirteen (13), north, range nine (9) east. Eighty acres.

Said sale will be upon the following terms: One-third cash in hand on day of sale, one-third in six months and one-third in twelve months. Option to pay all cash. Deferred payments to be evidenced by notes of the purchaser bearing six per cent interest per annum from date, providing attorneys' fees and upon confirmation of sale by the court, to be secured by mortgage upon the real estate sold.

NOAH L. GODDARD
GATES KETCHUM
August 1 Commissioners.

NOTICE OF FINAL SETTLEMENT OF ESTATE.

Notice is hereby given to the creditors, heirs and legatees of Clara D. Hiner, deceased, to appear in the Rush Circuit Court, held at Rushville, Indiana, on the 1st day of September, 1919, and show cause, if any, why Final Settlement Accounts with the estate of said deceased should not be approved; and said heirs are notified to then and there make proof of heirship, and receive their distributive shares.

Witness the Clerk of said Court, this 17th day of July, 1919.

Clerk, Rush Circuit Court.
JULY 15-25-AD-183

When the farmers adopt the 40 hour week, part of the problem will be to find a substitute for oats.

A Fertilizer Bargain

MANURE, properly handled, is worth several dollars a ton. It replaces some fertilizers you would otherwise buy and it makes the soil rich in humus.

But to prevent rain from leaching out its nitrogen and potash, its most valuable content, you need a concrete manure pit. With a pit there is practically no loss.

Let us show you plans and give you a cost estimate for a concrete pit that will save the half that now goes to waste in the barnyard. It is a small investment but a big saving.

PLANS ARE MADE TO CHANGE M.E. CIRCUITS

District Superintendent Will Likely Supply Minister For Federated Churches of Boggs town

SPLIT MANILLA—ARLINGTON

A proposition has been made to the annual conference, M. E. church by the Federated church managers of Indiana, "that the superintendent the Rev. J. A. Walker of this district, be requested to furnish a preacher for the federated Presbyterian and Methodist churches of Boggs town. He is planning to do so.

To accomplish this he will have to arrange for Arlington circuit to be divided, one pastor to live at Arlington, the other at Manilla. The church at Manilla will then have the church at Blue Ridge with it. That will release the pastor of Main Street church at Shelbyville from going to Blue Ridge, and he can go to Boggs town. This arrangement would give Pleasant Ridge morning preaching instead of in the afternoon, and although it will increase the expense at each place, quite a good deal, it will give the pastors double the opportunity to do pastoral work.

PAY TELEPHONE TOLL

Don't overlook to pay your telephone toll before Aug 12 if you wish to avoid paying 15 cents extra for collection. No notice will be given by telephone. M. V. SPIVEY, 119t10 Secretary

HOME GUARDS ARE PUT ON FRONT LINE TRENCH

Six Prisoners Are Captured For Christ at Salvation Army Church, Capt. Trench Announces

WOMAN GETS TWO ALONE

"The enemy met the greatest defeat by far last night of any night of the forward movement started against them just over one week ago," says a statement by Capt. Trench of the Salvation Army today. "At 7:30 the soldiers of Salvation were kept for the battle. The barrage was one of the heaviest yet. At 8 o'clock sharp the forward signal was given and over the top shouting Victory, each soldier full of faith, leaped into the enemy's trench and six prisoners were captured for Christ, Miss Alice Montpetit capturing two prisoners single-handed. She has been recommended for two stars in her crown in Glory.

"The commander of the Shelbyville heavy artillery (Joe Wainwright) was at his best last night and many heavy shots were sent over to the enemy trench.

Eleven who have been with the Rushville Home Guards were transferred to the front line soldiers corps of Rushville.

"Meeting tonight at 7:30 o'clock in the Glory Room and at 8 o'clock in the large room. Come and get blessed."

There is neither thunder nor lightning in the Arctic circle.

Asserts New Discovery Brings Blessed Relief To Rose and Hay Fever Sufferers

Can Make It Yourself At Home At Trifling Expense

In spite of all the doubters and scoffers, a man in Kentucky, who changed his annoying and distressing hay fever into less than a mild cold, claims most emphatically that if taken in time hay fever can be conquered or at least made so harmless that it is not even bothersome.

He gave his discovery to scores of other sufferers with the most remarkable results and has recently been prevailed upon to dispense it through pharmacists to all hay fever sufferers who still have faith that nature has provided an effective remedy for this common yet miserable disease.

And best of all this remedy costs al-

most nothing. Get a one ounce bottle of Mentholized Arcline at any drug store, pour the contents into a pint bottle and fill the pint bottle with water that has been boiled.

Then gargle as directed and twice daily sniff or spray each nostril thoroughly.

That's all there is to it; so simple that a lot of people will say that it can't do the work; but oftentimes simple natural remedies are the best, as you will find after using.

If you will make up a pint and use it for a week or ten days you need not be surprised if your unwelcome yearly visitor fails to appear.

OF ENTERING TEAMS**

42 Counties to Participate in Boys'
Livestock Judging Contest at
State Fair.

24 PRIZES FOR INDIVIDUALS

Lafayette, Ind., Aug. 8—Forty two counties have signified their intention of entering teams of three in the boys' livestock judging contest at the State Fair at Indianapolis the first week in September, according to announcement by Prof. O. F. Gobble of Purdue University, who is in charge of the contest conducted co-operatively by the State Board of Agriculture and Purdue University. This is 16 more counties than were represented last year and it is possible that 50 or more counties will have teams as in a few more the plan has been taken up.

In every county that will send a team, elimination contests will be held so that the best team may be chosen. The first of these contests will be the first week in August in Bartholomew and Dubois counties and the rest will be held each week through August. Some of the counties near Lafayette that have teams will send the boys to the university to coach them all they can before the state contest. The state fair winner will represent Indiana in the contest at the International Livestock Show in Chicago next December, \$100 to defray expenses having been provided by the Board of Agriculture.

The teams will not only compete for \$200 trophy, but for the trip to Chicago as well. There are 24 prizes for individuals, the first being \$100 scholarship to Purdue university and the second a \$75 scholarship. The others are cash prizes ranging from \$30 to third place to \$5 for 24 place.

FARM BRINGS \$35,500

Mrs. H. H. Elliot of 238 North Harrison street has sold her farm of 142 acres to Will Martin for \$250 per acre, receiving \$35,500 for the farm. The farm which was sold is located 2½ miles north of Glenwood, and the new owner is a farmer living northwest of Glenwood.

**CONVENTION ON WHEEL
FOR NATIONAL EDITORS**

During Next Two Days Portland
Will be Scene of Association's
Annual Convention

GOING TO OREGON TOMORROW

(By United Press.)

Portland, Ore., Aug. 8.—Three hundred members of the National Editorial Association arrived here today on a special train, and during the next two days Portland will be the scene of the association's annual convention.

The "convention on wheels," as it has been called, left Chicago July 26, proceeding through Canada and stopping at Winnipeg, Edmonton and Vancouver.

The editors will go to Oregon City, Oregon, tomorrow where the officers of the association will officiate at the unveiling of a monument commemorating the establishment of the first newspaper on the Pacific coast.

Leaving Portland Sunday, the "convention on wheels" will go to Medford, Ore., whence Medfordites will take the entire party in automobiles on a two-day trip through Crater Lake national park.

Returning to Portland the newspapermen will journey on their special train to Tacoma Wednesday and visit Ranier national park. A business session will be held in Tacoma the following day. Seattle will be the scene of another business meeting Friday. Victoria, B. C., will be reached Sunday and the final business session of the convention will be held there the next day. The return trip to Chicago is to be started from Vancouver, B. C., August 19.

Paris—The American Society for French Wounded has decided to build at Rheims, at a cost of \$100,000, an American war memorial hospital.

**BILIOUSNESS
Caused by
Acid-Stomach**

If people who are bilious are treated according to local symptoms they seldom get very much better. Whatever relief is obtained is usually temporary. Trace biliousness to its source and remove the cause and the chances are that the patient will remain strong and healthy.

Doctors say that more than 70 non-organic diseases can be traced to an Acid-Stomach. Biliousness is one of them. Indigestion, heartburn, belching, sour stomach, bloating and gas are other signs of acid-stomach. EATONIC, the marvelous modern stomach remedy, brings quick relief from these stomach miseries which lead to a long train of ailments that make life miserable if not corrected.

EATONIC literally absorbs and carries away the excess acid. Makes the stomach strong, cool and comfortable. Helps digestion; improves the appetite and you then get full strength from your food. Thousands say that EATONIC is the most effective stomach remedy in the world. It is the help YOU need. Try it on our money-back-if-not-satisfied guarantee. At all druggists. Only 50c for a big box.

THOUGHT SOLUTION OF PETTY THIEVING

Arrest and Conviction of Leo Holloway, 17, Colored, Expected to End Stealing

GIVEN 6 MONTHS IN "FARM"

Soy Admits Entering Easley Home When Caught in Earl Moore's Residence Yesterday

Leo Holloway, aged 17, colored, was arraigned before Mayor Irvin this morning on charges of house breaking, having admitted to the police that he entered three Rushville homes, and was sentenced to a term of six months at the state penitentiary. He was arrested yesterday, having been caught in the residence of Earl Moore, corner of Eighth and Harrison streets, by Mrs. Moore, who was alone in the house at the time.

Yesterday afternoon, Mrs. Moore heard a knock on her back door, and being upstairs, did not go down, but looked out an upstairs window, and in a short time heard someone enter the house. After investigating, he saw the negro, and demanded that he wanted to see her. His excuse for being in the house was very weak, the boy stating that he wanted to mow the grass. Mrs. Moore knew Holloway and after he had gone, called Larry Wyatt, her brother, and he notified Chief Seward, who went to the Holloway home and arrested him. When lodged in jail, he was questioned by the police and admitted being the one who stole the money from the Miranda Kiplinger residence the first of this week, and the home of Walter Easley, a few days ago. He at first denied entering any of the houses, but when questioned he made a mistake, and was caught.

Chief Seward said, "Now Leo, you are seen on the day that Walter Easley's house was entered. Neighbors saw you up there, and I saw you out in his front yard. Furthermore, you went in at the back door, and took a five dollar bill and 50 cents in money." Leo quickly admitted the chief, and said, "No, it wasn't a five dollar bill, it was a one dollar bill and four silver dimes."

He later confessed to entering the Kiplinger home, where two dollars were taken. He was questioned about entering the other homes which have been robbed recently, but did not confess. He almost confessed to entering the home of former Judge John Megee, but caught himself in time.

The police are confident that they have arrested the person who has been all of this daylight thieving.

Continued on Page Two

At Last It's Out Where Grasshoppers Get Their Supply of Tobacco Juice

Everybody knows that grasshoppers spit tobacco juice, but just where the tobacco comes from is not known—or wasn't known until John A. Tittsworth discovered that his big field of tobacco was being destroyed by the grasshoppers. Today Mr. Tittsworth and County Agent M. F. Detrick were down in the tobacco patch near Orange trying to persuade the grasshoppers to abandon the field, and were giving them some of the grasshopper salad. The pests were eating the tobacco and would have killed the entire field, had not steps been taken to get rid of them. Mr. Tittsworth remarked today that the grasshoppers had better learn to smoke, and give the weeds a chance to ripen—then it would be too late.

MINERS IDLE

Due to Strike of Shopmen on The C. & E. I. Railroad

(By United Press.)
Terre Haute, Ind., Aug. 8.—Seven thousand miners were idle in this district today as the result of shopmen strike on the C. & E. I. railroad. The Pennsylvania railroad is endeavoring to maintain service to the mine.

MRS. JAMES HAYES DIES NEAR RALEIGH

Resident of Northern Rush County For Many Years Expires at Age of 76 Years Today.

HUSBAND AND CHILDREN LEFT

Mrs. Sarah Frances Hayes, wife of James Hayes of near Raleigh, died at their home this morning about nine o'clock, after a long illness of a complication of diseases. Mrs. Hayes was 76 years of age, and was a well known woman of this county. Mrs. Hayes came to this county over 40 years ago and had been a resident of northern Rush county for a great number of years. She had been in poor health for some time and her death had been expected. Besides her husband, she is survived by two children, James L. Hayes of the same neighborhood, and Mrs. Betty McDaniel of near Mays.

The funeral services will be held Sunday afternoon at two o'clock at the Christian church in Raleigh by the Rev. L. E. Brown and burial will be made in the cemetery at that place.

GOING AFTER THE HIGH COST OF LIVING—SLACK

District Attorney Invites Information Regarding Hoarding and Restriction of Distribution

TO ENFORCE THE LEVER ACT

(By United Press.)
Indianapolis, Ind., Aug. 8.—"We are going after the high cost of living in this district," L. Ert Slack, United States district attorney, said today.

The Lever act provides for prosecution and heavy penalties for the hoarding of food and food necessities and conspiring to restrict supplying or distribution of such necessities.

"We shall not hesitate to libel and sell hoarded foodstuff as well as prosecute," Slack stated. The district attorney invites complaints from officials and persons relative to the hoarding or restriction of the distribution or manufacture of any necessities.

BULLETIN.

(By United Press.)
Washington, Aug. 8.—Pres. Wilson today proposed extension of the Lever food control act to peace time, and broadening of it to include fuel, clothing and other necessities of life; enactment of law regarding food storage and federal licensing of all corporations in interstate commerce with specific regulations to prevent unreasonable profit.

WAS TO TAKE UP WAGE SITUATION

President Wilson Also Expected to Discuss Strikes and Production in Message Today

SCHEDULED TO SPEAK AT 4 P M

Many Congressmen Arrive in Response to Hurried Call Sent To Absent Members

(By United Press.)
Washington, Aug. 8.—The president's message in addition to recommending specific government action, probably will take up the wage situation, strikes and production, it was learned today.

He will advocate greater production and production without interruption is needed, it is learned.

Senators and representatives were besieged for tickets of admission to hear the president's speech at four o'clock this afternoon.

The senate met as usual today.

Many congressmen were arriving here today in response to the hurried call sent out by leaders to absent members who were within a days' journey of Washington, so there would be a quorum on hands when President Wilson made his address on high cost of living at 4 p. m.

President Wilson's speech to the joint session of congress is expected by members of both houses to be one of the most important he has ever made.

"If the president will make concrete proposals, congress is ready to get right to work on them, sift them down and pass whatever laws are needed," said Senator Gronna, chairman of the agriculture committee.

Many believed the president would ask little more than an expression from congress authorizing him to use his whole power to bring down the price of necessities. The Lever food control act with its drastic provisions aiming at hoarders and profiteers, may be proposed for re-enactment as a peace measure, it was believed.

Another suggestion said to be embodied in the measure is that a law be passed assuring shopmen higher wages.

TO PROBE "MEX" PROBLEMS

Washington, Aug. 8.—The senate foreign relations committee today decided on an investigation of the Mexican problem. The house reported favorably on the King resolution empowering the committee to investigate the matter of damages and outrages suffered by American citizens in Mexico.

Kokomo Whiskey Proves Undoing Of Bernard Powell In Rushville

Drives Machine Into I. & C. Tracks Where Paving is in Progress and Has to be Pulled Out

FINES TOTAL \$35 AND COSTS

After paying six dollars a quart for a bottle of whiskey in Kokomo, Bernard Powell of that place, paid \$35 this morning, in fines in the police court here. Powell and his father, James A. Powell of this city, were riding in a machine last night, and hit the street car tracks at Julian and Third streets, where the street paving is in progress, and their machine became tangled up in the mess of cross ties and steel rails, halting their procedure.

Policeman Newhouse investigated and took the driver of the machine, Bernard Powell to jail, where he remained for a time, until his father could get him out on bond. He appeared this morning in court, and pleaded guilty to the charges of intoxication, receiving a fine of \$10 and costs, and a fine of \$5 and costs for driving a machine while under the influence of liquor. Both fines were paid.

SHOPMEN MAY GO BACK ON THE JOB

Telegram Received by American Federation of Labor Indicate They Will Return.

RESPOND TO WILSON REQUEST

Strike Vote Will Continue to Test Sentiment of Men—Not Likely To Favor Strike.

(By United Press.)
Washington, Aug. 8.—Telegrams received by the American Federation of Labor today indicated that the railroad shopmen who struck without authority have already started back to work in response to President Wilson's letter in which he asserted that the government would not consider the higher wages for them until all the men went back on their jobs.

Strikers were reported to have returned to all jobs on the Lackawanna and Norfolk and Western railroads.

Officials of the railroad department of American Federation of Labor met today to frame arguments to the unauthorized strikers to support the request that they resume work pending negotiations.

"We want our men to obey the president," said B. Jewell, active head of the American Federation of Labor railroad department.

Strike votes being taken among shopmen's local unions will continue, it was stated at the headquarters, to test the sentiment of the men. It does not indicate a strike will be authorized leaders said.

The appeal of organized labor for government ownership of railroads backed by veiled threats of serious unrest until plans are adopted, has so far found no open champion among the house and senate interstate committees.

Whether wage demands of railroad employees will be peacefully arbitrated or whether workers will defy the government and attempt to cripple roads by strikes apparently depended today on the response of striking shopmen to President Wilson's orders that they return to work before the request for more pay will be considered.

The president in a letter to Railroad Director Hines, told him to take up the wage question without further orders from congress, but he also said that no dealings would be made with the employees until the shopmen went back to their jobs.

FIXES PRICE OF FLOUR.

New York, Aug. 8.—Julius Barnes, government wheat director, announced today that the United States grain corporation will sell flour through the usual channels at \$12 to \$12.25 a barrel.

APPEALS TO CIRCUIT COURT

Sanford Heaton Acts in Case in Which he Was Fined For Assault

Sanford Heaton, who was found guilty of assault and battery on Harry Colestock in the justice of peace court, before special squire J. V. Young, about two weeks ago, has appealed his case to the circuit court. In the justice of peace court he was fined a dollar and costs, which amounted to \$36.65. Heaton was arrested on three charges, that of assault, provoke and surety of the peace. The provoke and assault cases have been tried, and the surety of the peace case will have to be tried in Noble township where the act is alleged to have happened.

ED MILLER GIVEN ANOTHER CHANCE

Mayor Irvin Reconsiders Case After Ordering Sentence to Penal Farm Revoked.

DID NOT DO AS HE AGREED TO.

Ed Miller was placed in jail yesterday afternoon on orders from Mayor Irvin, and his sentence of 90 days in the penal farm was revoked, because he had not given a weekly account of himself, as he was instructed to do, following suspension of his sentence in police court, a few weeks ago.

Miller was arrested a short time ago with Russell Looney on charges of larceny, having admitted taking automobile accessories from Frank Offutt's car, which was wrecked in an accident northwest of Rushville. At that time Mayor Irvin sentenced them to the state farm for 90 days, but suspended it. Miller has not made his weekly report and was ordered yesterday to be taken to the farm. This morning, however, Mayor Irvin decided to give him another chance, and he was released from jail.

SAYS SHOPMEN WILL NOT RETURN TO WORK

S. Galloway, Chairman of Indianapolis Strike Committee, Says Wilson Letter Doesn't Matter

HAD PLENTY OF TIME TO ACT

(By United Press.)
Indianapolis, Ind., Aug. 8.—Striking railroad shopmen will not return to work until their demands are met, regardless of President Wilson's statement not to consider their demands until the workmen return to work.

That was the ultimatum of S. Galloway, chairman of the striking committee, representing 6,000 men.

"We have all due respect for the president, but he has had plenty of time to prevent this strike," Galloway stated.

During his speech to striking workers he was greeted by cheers. Freight traffic on all roads out of Indianapolis is at a standstill and passenger traffic was beginning to feel the pinch of the strike.

33,000 MEN STRIKE

Chicago, Aug. 8.—A general strike of 33,000 employees at the packing plants is the stockyards began at 9 o'clock this morning. The action followed the decision of the stockyards labor council last night to call a general strike unless the state troops and police guards were immediately withdrawn from the plants. The strike was precipitated by the return of 5,000 negroes to work yesterday.

IN FRANCE 18 MONTHS AS A "Y" SECRETARY

A. F. Stewart, Formerly of High School Faculty, is Here on Two Months Furlough.

ON FRONT LINES 7 MONTHS

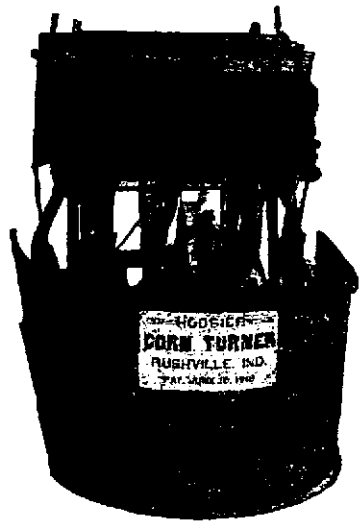

A. F. Stewart, formerly a member of the Rushville high school faculty, who was overseas eighteen months as a Y. M. C. A. secretary, has arrived here on a two months furlough and is visiting relatives.

Mr. Stewart has been transferred from military to civilian work and will likely continue in Y. M. C. A. work at the expiration of his furlough.

During his first seven months in France Mr. Stewart was on the front lines and every day saw the horrors of war. He followed the First division and was with this famous outfit of fighters at Soissons, St. Mihiel and in other major operations in which they engaged.

Mrs. Stewart who has lately been visiting in Ann Arbor, Mich., arrived today. She has spent most of the time her husband has been away, with a sister in California. Mr. Stewart, who taught mathematics in the Rushville high school for many years, left here thirteen years ago, and when he entered the Y. M. C. A. service, was instructor in Latin in Monmouth college, Monmouth, Ill.

Hoosier Corn Turner

2nd and Penn. R. R.
RUSHVILLE, IND.

Saves its cost in 3 days.
Saves corn, time and labor.
Fits any drill and can be
attached in a few minutes.
These turners will do the
work in any kind of down
or elbowed corn. Will make
the drill run perfectly
smooth. Will keep the out-
side discs from riding or
getting on row of corn; roll
the pumpkins out of way
without injury.

Get your drill ready for Fall sowing by attaching one of these
turners. A great quantity were sold last year and gave entire
satisfaction.

The public is warned not to infringe or make these devices as
we are fully protected by patent.

Hoosier Corn Turner Co.

CULLING METHODS WILL BE TAUGHT

Four Demonstrations Will be Held
at Various Places in County
August 12 and 13

POULTRY EXPERT IN CHARGE

Farmers Will be Instructed in Meth-
ods of Picking Out Layers—
Mistake Often Made

The poultry culling demon-
strations which have been scheduled by
County Agent Detrick for August 12
and 13 have met with the favor of
poultry keepers.

The common method of culling
hens has been to pick out all of the
pale legged, late molting hens in the
fall and sell them with the young
poultry that is sold at that time. By
this method of selection the best
layers are usually sold, said Mr. De-
trick today. Trap nest records show
that the hen that lays heavily takes
the yellow coloring matter out of her
skin to make the yellow in the yolk
of the egg and is lacking in the deep
color commonly supposed to indicate
health and vigor. The trap nest has
also shown that the hen that lays
heavily all summer molts late while
the later molts as soon as she has
quit laying which may be as early as
the first of June.

These early molters are not early
winter layers as some think but are
layers and will lay a few eggs in
the spring when all hens lay and
then take another long rest.

The success of this new method
of culling has been demonstrated by
Alva Swain of Arlington who, after
attending one of the demonstrations
last August, culled his flock, taking
out 49 that he considered culls. He
kept the culls in a separate pen and
trap-nested them. He found that
he had 3 layers in the 49 that he
had culled out. He then culled an-
other flock of 182 hens, taking out
70 culls, and kept them in separate
pens. The culls laid one egg for
each 17 hens daily while the selected
hens laid one egg for each 3 hens
daily.

Arrangements have been made to
have Leroy Jones, who is recognized
as one of the best poultry authori-
ties in the state, give four demon-
strations in culling out the poor lay-
ers by the new method.

These demonstrations will be at:
John Zeigler's, 2 miles north of
Rushville, 9:30 a. m. Tuesday, Aug-
ust 12.

Jack Hall's, 1 mile north of Ra-
leigh, 2 p. m. on the same day.

Clifford King's, 2 miles north of
Milroy, 9:30 a. m. Wednesday, Aug-
ust 13.

Frank Offutt's, Arlington, 2 p. m.
Wednesday, August 13.

Since every body culls his poul-
try by one method or another, the
county agent is anxious to give ev-
erybody a chance to learn this
method which has proven itself the
best that is known to poultry stu-
dents.

THOUGHT SOLUTION OF PETTY THIEVING

Continued from Page One
and in the last few weeks, the fol-
lowing places were entered: Orville
Zimmer, John H. Frazier, Robert L.
Tompkins, Albert L. Winship, J. V.
Young and Mrs. Frazier Johnson, in
addition to the ones mentioned
above.

At the Tompkins home \$47 was
taken, but he denied taking the
money, as he didn't know where Mr.
Tompkins lived. It is a known fact,
however, that Holloway was flush
with money after this robbery, and
made a trip to Dayton, O., going in
a new suit of clothes, with a pocket-
book well filled with money.

When arrested yesterday, he had

In his possession several door keys,
all sizes, and no doubt could open
any door that he wanted to. He did
not have much money with him yes-
terday.

When the home of Judge Megee
was robbed, some change was taken
from a hair receiver in Mrs. Megee's
room, and when the Zimmer home
was entered last week, the hair re-
ceiver was literally torn to pieces,
in search for money. So the evi-
dence points to the fact that the
same person entered both places.

Young Holloway is the son of Mr.
and Mrs. Major Holloway, 630 West
Ninth street, and his action was a
surprise to the colored people of this
city, as his parents are very highly
respected by them. The family has
lived in this city for a number of
years, and this is the first trouble
which any member of their family
has been in.

The police stated today that none
of the robberies which had been
committed, was, reported to them,
and all that they ever knew about
them was from what they had heard
on the streets, and had the people
whose homes were entered notified
headquarters at the time of the
robbery, like Mrs. Moore did, the
chances are that the culprit would
have been caught sooner.

Chief Seward will leave Monday
for the state farm with Holloway,
where he will begin his six months
of imprisonment.

Be Sure to Say "Threaded Rubber"

If everybody said "Threaded Rubber
Insulation" when they bought batteries
and saw to it that "Threaded Rubber" was
what they got there would be a lot less
battery grief.

—Far fewer jobs of re-insulation that
is so often necessary to get full life out of
the plates of an ordinary battery.

—Assurance of longer battery life.

If your battery is getting to the point
where it shows signs of quitting it will
pay you to get on the track of Threaded
Rubber. Come in any time and have a
talk about batteries.

THREATENS TO HOLD UP FOOD SHIPMENTS

United States Sends Ultimatum to Roumania, Demanding Modification of Terms

BOLSHEVIK RULE IN HUNGARY

(By United Press.)

London, Aug. 8.—American officials have sent an ultimatum to Roumania asking that they modify the terms imposed upon Hungary and threatened to withhold the food supply if the request is not complied with, according to Vienna advices reported in Exchange Telegraph dispatch from Copenhagen.

Budapest, Aug. 8.—While allied troops are maintaining order in Budapest the Bolsheviks are reported to have seized control in southwestern Hungary and are said to be slaughtering the bourgeois population.

Secret murders of hundreds of victims during the Bolshevik regime have just become known.

One terrorist who was arrested today, boasted in an interview that he had committed 18 murders under orders of one of the Bolshevik leaders.

JEWELRY STORE IS ROBBED

\$100,000 Worth of Jewels Stolen at San Francisco Today

(By United Press.)

San Francisco, Aug. 8.—Two men robbed the Morgan Jewelry company's store of \$100,000 worth of jewelry shortly after the store opened today.

Both men were armed and one was masked. Entering as the clerks were taking a box of jewelry out of the show case, the robbers forced the clerks to lie down on the floor and then seized the jewelry.

It was believed they had an automobile in which they escaped.

FIFTH COURT DAY IS QUIET

Appointment of Gahimer Guardian Only Matter to Come Up

The fifth day of the vacation term of court was comparatively quiet today, and the only thing scheduled was the appointment of a guardian in the Gahimer case, which was to come up this afternoon. Yesterday afternoon the court allowed the claim of Laura A. Hasty, against the estate of Phebe Dudgeon in the sum of \$2,288, which was in payment for board, nursing and caring for the deceased for a period of six years, prior to her death.

STEAMER IS AGROUND.

Boston, Aug. 8.—The steamship North Star, which left this port for Yarmouth, N. S., yesterday, with 285 passengers, went aground today on Green island, six miles off Yarmouth, according to word received by officials of the Eastern steamship lines here.

BRITISH SINK SUBMARINE.

London, Aug. 8.—A Bolshevik submarine has been sunk in the Baltic sea by the British torpedo boat destroyers Valorous and Vancouver, according to an official statement issued by the admiralty last evening.

Sap and Salt

By BERT MOSES

Tell old truths in a new way, and people will call you an original man.

The mirror pays no compliments. It shows all the wrinkles and moles.

The main thing a speaker should keep in mind is to get through and sit down.

Prisons are full of people who had dollar desires and half-dollar incomes.

Hez Heck says: "The fact that dead men tell no tales must be sweet consolation to widows."

The man who doesn't wear a wrist watch attracts more attention now than the man who does.

Greatness consists in developing your brain so that it registers just a decimal or so above par.

traffic. The liquor traffic yielded \$20,849,332.

Lord Byron said, "The best prophet of the future is the past". The essentials of mortality have been recognized through thousands of years, and they have not changed throughout the progress of civilization, yet the world has been periodically convulsed with war. We may repeat again the great dogmas of our moral system: Do good to others; love your neighbor as yourself; forgive your enemies; but is there any reason to believe that the future conduct of the world will be more influenced by them than it has in the past?

Senator Thomas of Colorado bases his objections to the league of nations on fundamental truths the soundness of which have been repeatedly proven since history began. "The nations are as the individuals composing them", says he. "These are naturally and necessarily concerned first for their own interest and welfare, to which all other considerations, even that of permanent peace, are secondary."

The proposed treaty of alliance with France provides that we shall go to the aid of France in case of any unprovoked attack by Germany. In case of trouble, France would, of course, enter the war or stand discredited.

We have a faint recollection that once upon a time a man went waddling down our main street and people said he was boozy. But, then, that was a long, long time ago.

Some men are born tired, some become tired, while others are too darned lazy to even get tired.

Yes, the airship is a wonderful invention—until it takes a tumble.

Super-Suburb in Brighton

London. (By Mail).—It is said that the average English middle-class home is so ugly it ought to be burnt down and Englishmen are just beginning to realize this fact, with the result that all over England plans are afoot to build model villages and model suburbs.

Brighton is the first to lead the way. They are building a super-suburb, consisting of 900 houses, so planned that there will not be more than 10 to the acre. This will allow each house a garden of 16 rods—or 640 feet.

The suburb is to be built in an orchard setting. Fruit trees will line the roadways. There will be no walls, the gardens being divided by hedges. There will be recreation grounds, allotments and common playgrounds. The houses are to be built on modern and artistic lines, the internal arrangements being the latest work in house-comfort.

The only fly in the ointment is the question of small boys. Will they be model enough to inhabit a model suburb, or will they help themselves to the fruit that abounds in the public thoroughfares? It is hoped they will become imbued with a great respect for communal rights and thus grow up first-class democrats.

Current Comment

The Despised Public.

(From the Lowell Courier-Citizen).
"We've got you by the throat. You can't do anything about it. Now, then, curse you, stand and deliver!" Some such philosophy appears to be behind the present strikes of the public service corporations, such as that which has been tying up the city of Boston.

For this situation, we firmly believe, no other man is more directly responsible than the President of the United States.

Mr. Wilson picked the first brick out of this pavement when he backed out before the railroad brotherhoods on the eve of the election in 1916. That arresting spectacle of a President and Congress absolutely dominated by four hulking labor unions remains the first deplorable scene in a lengthening series of unenlivening pictures. From that day forward we have been treated to an increasing number of labor troubles based on an assumption that the public and its lawmakers are powerless and have no recourse save to give in and give in yet again. To clinch this impression much was done by the Government's various agents empowered to keep industry moving during the war. Repeated concessions designed to save a temporarily disagreeable scene quite naturally crystallized the permanent idea that the public had no other answer. However necessary this policy may have seemed to be during the war, it clearly had its abiding drawbacks. It created the idea that there was no power in the public or in the Government sufficient to insure the uninterrupted service of either the railroads, telephones, telegraphs or any other necessary public utility, in the face of unionized determination to force a fresh raise by laying the whole country simultaneously under contribution.

Amusements

Walthall Again Tonight.

The Henry B. Walthall picture which was shown last night at the Princess will be repeated tonight. "The False Faces", is adapted from the novel, which appeared recently in the Saturday Evening Post, and Walthall takes the leading role. It contains many incidents relating to adventure, and will hold a crowd spellbound for a long time. Tomorrow night May Allison will be seen in "Peggy Does Her Darndest", a picture which is bound to please the Saturday night crowd, and is full of comedy. A Mack Sennett comedy, "Love's False Faces" is another two reel comedy, which makes the Saturday program a complete comedy bill.

Matinee Idol on Screen

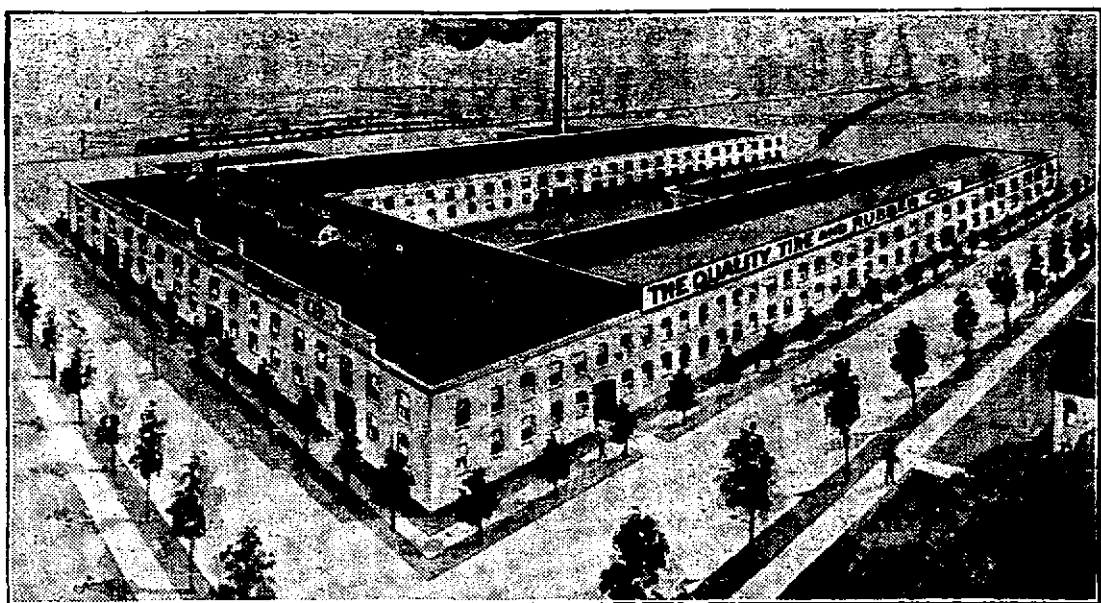

"The Exquisite Thief," Priscilla Dean's latest Universal Special Attraction, which will be shown tonight at the Mystic theatre, presents as leading man one of the foremost matinee idols of the stage.

He is Thurston Hall, who formerly appeared in support of Lillian Russell (in "Wildfire") Marguerite Clark, Amelia Bingham and Charlotte Walker. Perhaps most theatregoers will remember him as "Ben Hur" in General Lew Wallace's record-breaking play of that name. Mr. Hall's last appearances on the stage were in "Love o' Mike" and "Have a Heart."

J. Gordon Edwards persuaded Mr. Hall to desert the stage for pictures, casting him in the part of Marc Antony in Theda Bara's "Cleopatra." The former matinee idol admits frankly that he prefers acting on the stage, but that the advantages of home life afforded by motion pictures more than reconcile him to leaving his first love.

Mr. Hall is a Bostonian and had prepared to enter Yale before he decided on a stage career. He is a lover of out-door life and his particular hobby is the breeding of fancy rabbits.

It is claimed that one of the new emergency brakes for automobiles can be applied with the pressure of a finger.

Our Daily Laugh

New and Bright Yarns That Will Tickle You and Will be Relished by Your Friends When You Repeat Them.

She was fond of her daddy, but he was not a thing of beauty. In fact he was the neighborhood's pattern for all that is homely in the male sex. His daughter, aged 6, was sitting on his lap and squinting at herself in a hand mirror.

"Daddy," said she, "did God make you?"

"Yes, my dear," said her father. The child took another squint in the mirror and then looked at her father and said:

"Did God make me, too?"

"Why, certainly. What makes you ask?"

"Well," she said, taking another peep at herself in the mirror and then at him, "he seems to be doing better work lately."

CASE PRIZE OFFER: A prize of \$1.00 will be awarded each contributor of a joke to OUR DAILY LAUGH which we accept. Only new jokes, those never before published, are considered. Contributions will not be returned unless stamped envelope, bearing your address, is enclosed. Mail stories to contest editor, Daily Republican.

New Chemical Kills Bed Bugs P. D. Q.

The new golden colored chemical Pesky Devils Quitters, P. D. Q. can now be had at any drug store, as arrangements have been made whereby the retailer can get it from his wholesaler.

The new chemical, P. D. Q., is very powerful. A couple of ounces can be procured for a few cents and you'll have enough to kill a million bed bugs if you could get that many together. P. D. Q. does not rot or burn the springs or clothing. It leaves a coating on their eggs and prevents hatching.

P. D. Q. if properly used, kills the house entirely of the bed bugs, ants, roaches and fleas. Safe to use to rid your pet dog of fleas.

A patent about free in every package of P. D. Q. enabling you to get the pesky insects in the hard-to-get-at places.

Question To Ask

Will the Essex passenger capacity meet your needs? The touring car and the sedan each comfortably carries five. The roadster is for two, and has unusual capacity for luggage.

Car size, other than that of passenger capacity is unimportant. In the Essex it means greater driving ease and the opportunity of providing comfort, higher quality and greater performance at a moderate price and low operating cost.

Think how large the cars a few years ago compare with those of today.

The trend is toward smaller cars. The Essex is easier to drive, easier to park, costs less to operate, and is as comfortable to ride in as a large, costly car. The Essex marks the car of the future in respect to size, and it combines the wanted qualities of economy of the light car with the performance and endurance of the costly automobile.

How About Its Performance?

Every Essex owner knows he doesn't need to take the dust of any car. He can tour as fast or as far as any car will go. He has power for the hills—acceleration for every requirement.

Owners of large cars tell us their preference for driving the Essex. They travel faster because they can get under way so quickly. They can turn in narrow streets. They can thread in and out of traffic. The Essex takes up so little room it can be parked in spaces too small for large cars, and it costs less when degree of performance and quality are considered. The Essex saves in gasoline and tires.

Look For Its Imitators Next Year

Essex success means next year's cars will be modeled after it. Look for its body lines, and other features in cars that will come out from now on. The Essex has filled the demand for a light weight car with performance and enduring qualities. It is not an old model modified to meet the trend toward lightness and economy, comfort and luxury. To get what the Essex has, requires a design that begins with one idea in view. A new trend in design is reflected in the Essex. It can not be met through the adaption of those principles that have been in vogue.

The Essex is the new word in motor cars. Its performance is proved everywhere and its endurance is unquestioned. Can there be any doubt, after such proof, that it is the car you want?

+Arlington Methodist: — Bible school 9:30 a. m., preaching by the pastor 10:30 a. m. closing with the holy communion. Minute Men for opening the evening service, 8:00 o'clock. Fred McFartridge and Lowell Beach. Prayer meeting changed to Wednesday evenings. A cordial invitation is extended to the public to attend these services.

SHELBYVILLE TO SEND DELEGATION

Continued from Page One

Shelbyville people are counting on hearing him Friday at your chautauqua.

A letter received from the manager of the company this morning, announced that a crowd of five hundred people was expected from Shelbyville when they appear here. The company, will come to Rushville from the Rockville chautauqua and will give the comic opera, "Olivet", Friday night, it is announced.

Only one day will elapse before the chautauqua opens and final preparations are being made for the event. The best attendance in the history of the assembly here is indicated by the interest which has been shown. The sale of season tickets is said to be the best since the chautauqua has been given in Rushville, which leads to the belief that the attendance will be above the average.

The Sunday program is one which equals the standard of previous assemblies here. In Mable Quan Stevens, who will speak twice on the opening day, the program committee has obtained the foremost woman of the chautauqua platform. Rushville people who have heard her at Winona are extravagant in their praise of her.

The two companies of entertainers who will help open the 1919 chautauqua are the DeMille quartet and the Alice Shrode company. Little Alice Shrode is known to Rush county people who have made a habit of attending the assembly. This winsome little girl delighted an audience of two thousand people on two occasions here a few years ago and her fame has lived after her. It is expected that standing room in

the coliseum will be at a premium when she makes her first bow Sunday. Her remarkable talents and charming personality won for her scores of admirers who did not soon forget her.

The members of the DeMille quartet are all Canadians and have established a unique reputation for their ensemble work. It is said that the chautauqua platform does not boast of a quartet with a finer record. Aside from the solo work of their accompanist, their offerings are purely vocal. They will be here Sunday and Monday and will appear on every program giving a complete concert Monday afternoon.

The lecture for Monday night by Cyrus B. DeVry will be something out of the ordinary for local audiences. As director of the zoological department of Lincoln park, Chicago, he has had an experience of twenty-five years devoted to the care of animals. He has accumulated a vast amount of information concerning animals, their habits and peculiarities, which, woven into an intensely interesting story, makes DeVry's lecture one of the most attractive lectures offered any chautauqua crowd.

SHERIFF JONES BACK HOME

Takes Two Persons to State Institutions This Week.

Sheriff Jones has returned home from Jeffersonville where he took William Sweeney, who began his term yesterday.

On the day previous, Mr. Jones, accompanied by Mrs. Frank Bender, took Miss Ilda McDaniel to the insane hospital at Madison. Miss McDaniel is 22 years of age and is the daughter of Mr. and Mrs. Claude McDaniel of Arlington, and was recently adjudged to be a person of unsound mind and was taken to the hospital for treatment.

The sky reflection of the lights of London has been seen in favorable weather fifty miles distant.

Hog & Cattle Feed For Sale

Do you know that our Whole Ground Barley is the BEST and CHEAPEST feed that you can use? This Ground Barley would cost you \$47.00 per ton in less than carload lots, delivered at Rushville. For full car of Whole Ground Barley we can make the price \$62.00 per ton, delivered at Rushville. This price, however, is subject to confirmation.

We were fortunate in picking up a few cars that we could sell at the above price. To replace them today would cost quite a good deal more money.

Fad to Have One's Face Done Over

By MARGARET ROHE

Oh Beauty Does since you can now conspire.

To grasp some sorry face or two entire.

How you do chatter, skin a bit and then

Remold it nearer to the heart's desire.

New York, Aug. 8.—Really it's getting to be quite the thing to have one's face done over every season or so—quite like one has the house or the limousine refinished and redecorated, don't you know? Only when it comes to face values, it certainly takes a bit of doing.

If Charles V or Philip II of Spain could only peep in on one of our up-to-date beauty parlors in full operation, they'd blush for very shame over the puerile and feeble accomplishments of their erstwhile inquisitorial torture chambers. Skinning 'em alive was one of their particular contemplating a skinniv, however, fragile females suffer a skinning as a mere incident in their frenzied seeking for pulchritude. They turn one cheek and then the other to prove that beauty is only skin deep. With the aid of a skilled beauty expert, several assistants, some acid and a bit of slow agony, they shed a weather-beaten epidermis for a peachy and cream new babe-skin and call it a well spent day. If you are contemplating a skinniv, however, it were well to count on more than a union day. A few hours will see you skinned all right but you will still have to do a bit of time and a bit of suffering in the privacy of your boudoir before your face is quite itself in its brand new cuticle.

Then there's the fatal double chin, the dreaded crow-foot and all the other ills that beauty's heir too. If you don't object to a snip here and a slash there and a bit of plain and fancy sewing, these can all be put quite out of countenance. Some of our best known movie idols and idoles have had gasets and gores and tucks and French seams taken in

their physiognomies, till there isn't even a poor little elusive laugh wrinkle left among the lot.

As yet this facial surgery and wrinkle removing science is in its infancy, but among the theatrical profession it has undoubtedly proved a great success. With the perfection that time and experience and experiments always add, it will soon become as common a thing to have your face done over as to have your crooked teeth straightened up into plumb.

A bit of butchery changed the map of Europe and now a bit of butchery will do the same for Milady's map. All the wonders the surgeons performed during the war on the unfortunate jaw and face victims eager to suffer in the cause of pulchritude. This new method of drawing it up over the temples and cutting and lifting the skin and forehead to eliminate wrinkles and puffs about the eyes, the elliptical incisions and sutures and such like to abolish a superfluity of chins certainly has it all over that recently exploited method of filling up the hollows with liquid paraffine. At the hard finish, a sort of a lump jaw effect was the oftenest result obtained.

Though our old friends Charlie V and Phil II would undoubtedly feel quite at home among the fiendish paraphernalia attendant upon the process of turning perfectly good straight hair into the crooked path of the curly, the permanent wave process is really not as bad as it looks or smells. So greatly has it been perfected since its first invention that now it is as simple and painless as a manœuvre. Sometimes of course you do get a bit "fret" up in the scalp and feel as if some love locks were being plucked out by the roots, but on the other hand and oft times both some of our best little manicures gouge out corners and go to bloody lengths on the cuticle, so there you are.

To be sure it takes a lot of cash and a lot of fortitude, but if you don't weaken you can week-end at a beauty parlor these days, going in a plain Jane and emerging a perfect Mary Pickford.

With so much beauty right ready

just for the pay and the pain, you can't help thinking that the years to come will be so cloyed and surfeited with just one beauty after another that an ordinary an naturrelle girl with wrinkle or a chin or two will stand out refreshingly amidst so much pulchritude, like an oasis in the Sahara. Just as a gamble, I think I'll leave my little old last year's face alone and see.

The Rebekahs will meet this evening at eight o'clock. A good attendance is desired as business of importance is to be discussed.

* * *

The Little Flatrock Woman's Home Missionary society met yesterday afternoon in the parlors of the church. After a short business session, an interesting program was carried out, the leader being Mrs. Alva Johnson.

* * *

Mrs. Ed Chambers, 124 East Seventh street, has had as her house guests this week Mrs. Glen Perry of Columbus, Ind., and Miss Sada Jones of Franklin, boys' matron at the Masonic home. Mrs. Perry has returned to her home and Miss Jones will leave tomorrow for Franklin.

* * *

Mrs. J. C. Sexton delightfully entertained the members of the Grand Club yesterday afternoon at her home in North Main street. The guests enjoyed the hours playing Bridge, after which the hostess served a refreshing luncheon. Mrs. O. H. Bradway of Newcastle was a guest of the club.

* * *

Miss Carol F. Craig of Greensburg and Harold M. Willeford, living south of Milroy, were married yesterday afternoon by the Rev. C. S. Black, at the Methodist church parsonage. Mrs. Willeford is a niece of Judge Craig of the Decatur circuit court and Mr. Willeford is the rector on the Emory J. Power farm, south of Milroy, where the young couple are now at home.

* * *

Mr. and Mrs. Charles Inlow, of near Homer, entertained with a prettily appointed dinner party at their home last Sunday. A bouquet of summer flowers formed the centerpiece for the table and covers were laid for Mr. and Mrs. George Byers and children of Seymour and Mr. and Mrs. Thuis and children of Shelbyville. The guests motored to the home of Mr. and Mrs. John Dewester in the evening.

ALL WRONG

The Mistake is Made by Many Rushville Citizens

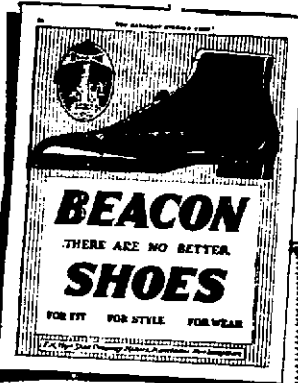

Look for the cause of backache. To be cured you must know the cause.

If it's weak kidneys you must set the kidneys working right.

A Rushville resident tells you how.

Frank McFarland, 830 W. Tenth St., says: "My kidneys began to get weak and in a short time I was so bad off I could hardly get about. My back was in terrible shape. It ached so, especially at night that I could hardly sleep. Mornings my back was so stiff that when I bent over, I could hardly straighten again. The kidney secretions were too frequent in passage and highly colored. Another of the family had used Doan's Kidney Pills with such good results, I thought I would try them, so I got a box at Johnson's Drug Store. They helped me right away and I kept on using them until I was cured."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. McFarland had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. —(Adv.)

Buying Shoes Means Buying Comfort or Discomfort

NO MATTER how good looking, how smart, or how substantial the shoe you buy, it's not your shoe unless it's comfortable.

You know how a shoe should "feel." It's part of our business to give you shoes that feel that way. We are convincing more people all the time that we do know our business.

A Really Wonderful Record

THERE is in this territory a Hupmobile on which no important or costly part has ever been replaced up to this time.

The car has never left the possession of its original owner, who has given it the care to which any piece of fine machinery is entitled.

This man has enjoyed almost uninterrupted service from his car.

Practically all his expense has been his running cost—and it is a fact that the Hupmobile is unusually economical on tires, oil, and gasoline.

All the Hupmobile owners we know can tell you how much Hupmobile economy and service-from-the-car mean to them.

Ford
THE UNIVERSAL CAR

The Ford car can well be called the "people's car," because there are more than 3,000,000 of them in daily operation. That is about four to one of the nearest follower in the motor car industry. This would not be so if the Ford car had not for sixteen years proven its superiority in service, in durability, and in the low cost for operation and maintenance; this would not be so if the Ford car was not so easy to understand, so simple in construction that anybody and everybody can safely drive it. **DRY ONE MONTH,
NEW YORK IS SAD**

Bartenders Who Used to Mix The
Drinks are Now Seeking Other
Lines of Work

ABOUT GIVEN UP ALL HOPE

Old Broadway Misses the Men Who
Used to Drop in Occasionally to
Get Away From the Sun.

(By United Press.)

New York, Aug. 5.—Bartenders, formerly helmsmen of many a schooner, under the good skipper Old Manhattan, are now looking for a snug harbor as a result of the demise of their friend, John Barley Corn, one month ago.

But the late mixers of merry merriment declare the first of July and the consequent advent of prohibition brought them one relief, viz., they no longer have to answer the question which was propounded about 98,764,834 times: "Well, Joe, whatta ya gonna do after prohibition comes?"

The famous characters who won national reputations for their skill in concocting juleps and toddies are now seeking other employment, and they have become conspicuous by their absence from this city's famous thoroughfare Broadway.

And Broadway misses the men to whom it used to whisper its troubles. The well known cafes and cabarets are no longer patronized by the crowds of sun-dodgers who once almost lived in them. The owners predict that they will soon go into bankruptcy unless the ban on strong liquors is lifted. They are fairly whistling among tombstones in an effort to maintain optimism, but this is difficult amid surroundings of empty tables.

As the Great Thirst approached, the proprietors were shaken with doubt. Some opined it might be possible to serve ciders and food for a profit without the admixture of alcohol, but they are now mostly convinced that it is impossible.

Prominent restaurateurs say people simply won't eat enough food to make a floor show profitable. There is a distinct height to which prices can go and there they must stop. Patrons were given a sad awakening as the prices began to jump immediately after prohibition. These patrons worried little about prices so long as they could drive away dull care by a cocktail. But there is slight exhilaration to be found in a ham sandwich, plain.

The owners entertain vague hopes that some miracle will occur to save their fortunes. The Anti-Saloon League may be declared unconstitutional and the eighteenth amendment repealed—perhaps.

Bon vivants intent upon eating green corn would—if perfectly sober resent the irruption of a young person dressed like a Kewpie and playing a violin. Ladies from our best circles have in the past been known to think it a good joke when the young lady on the end tickled a fat husband on his second chin with her toe. Under present conditions such an incident would furnish a topic for freestyle discussion for the rest of the year.

Then there is the chance that the cabaret proprietors might abandon the theatre business and entice custom by purveying very good food. But that has not been the New York way. The New York habit has been to order a large plate of something hot, washed down with something cold, and followed by something hot cold irrigated by something hot. Then the diner turns red and glows. Perfect service of perfect food may follow the departure of the cabaret from the better New York restaurants.

NOTICE OF COMMISSIONERS' SALE OF REAL ESTATE

The undersigned Commissioners by virtue of an order of the Rush Circuit Court, entered in a cause therein pending entitled George W. Goddard vs. Mary Gardner and numbered 1813 upon the docket thereof, hereby give notice that at the law office of Morgan & Ketchum in the city of Rushville, Indiana, on

MONDAY, SEPTEMBER 18, 1916, at the hour of one o'clock p. m. of said day, all cash and deferred payments to be paid by said parties to said cause, will be sold by the undersigned at public sale, at not less than the full appraised value thereof, the following described real estate in Rush county, Indiana, to-wit:

The west half (½) of the northwest quarter (¼) of section nine (9), township thirteen (13), north, range nine (9), east, eighth (8) range.

Said sale will be upon the following terms: One-third cash in hand on day of sale; one-third in six months; and one-third in twelve months. Option to pay all cash and deferred payments to be evidenced by notes of the purchaser bearing six per cent interest per annum from date, providing attorneys' fees and upon confirmation of sale by the court, to be secured by mortgage upon the real estate sold.

NOAH L. GODDARD
GATES KETCHUM
August 1 Commissioners.

NOTICE OF FINAL SETTLEMENT OF ESTATE

Notice is hereby given to the creditors, heirs and legatees of Clara D. Hiner, deceased, to appear in the Rush Circuit Court, held at Rushville, Indiana, on the 1st day of September, 1916, and show cause, if any, why a final settlement of the estate of said deceased should not be approved, and said heirs be notified to then and there make proof of heirship, and receive their distributive shares.

Witness the Clerk of said Court, this 17th day of July, 1916.

Geo. B. Moore, Clerk.

A Fertilizer Bargain

MANURE, properly handled, is worth several dollars a ton. It replaces some fertilizers you would otherwise buy and it makes the soil rich in humus.

But to prevent rain from leaching out its nitrogen and potash, its most valuable content, you need a concrete manure pit. With a pit there is practically no loss.

Let us show you plans and give you a cost estimate for a concrete pit that will save the half that now goes to waste in the barnyard. It is a small investment but a big saving.

Capitol Lumber Co.

TELEPHONE 2127.

PLANS ARE MADE TO CHANGE M. E. CIRCUITS ON FRONT LINE TRENCH

District Superintendent WM. Likely Supply Minister For Federated Churches of Boggs town

SPLIT MANILLA—ARLINGTON

A proposition has been made to the annual conference, M. E. church by the Federated church managers of Indiana, that the superintendent of the Rev. J. A. Walker of this district, be requested to furnish a preacher for the federated Presbyterian and Methodist churches of Boggs town. He is planning to do so.

To accomplish this he will have to arrange for Arlington circuit to be divided, one pastor to live at Arlington, the other at Manilla. The church at Manilla will then have the church at Blue Ridge with it. That will release the pastor of Main Street church at Shelbyville from going to Blue Ridge, and he can go to Boggs town. This arrangement would give Pleasant Ridge morning preaching instead of in the afternoon, and although it will increase the expense at each place, quite a good deal, it will give the pastors double the opportunity to do pastoral work.

PAY TELEPHONE TOLL

Don't overlook to pay your telephone toll before Aug 12 if you wish to avoid paying 15 cents extra for collection. No notice will be given by telephone. M. V. SPIVEY, Secretary. 110110

HOME GUARDS ARE PUT ON FRONT LINE TRENCH

Six Prisoners Are Captured For Christ at Salvation Army Church, Capt. Trench Announces

WOMAN GETS TWO ALONE

"The enemy met the greatest defeat by far last night of any night of the forward movement started against them, just over, one week ago," says a statement by Capt. Trench of the Salvation Army today. "At 7:30 the soldiers of Salvation were keen for the battle. The barrage was one of the heaviest yet. At 8 o'clock sharp the forward signal was given and over the top shouting Victory, each soldier full of faith, leaped into the enemy's trench and six prisoners were captured for Christ, Miss Alice Montpetit capturing two prisoners single-handed. She has been recommended for two stars in her crown in Glory.

"The commander of the Shelbyville heavy artillery (Joe Wainwright) was at his best last night and many heavy shots were sent over to the enemy trench.

Eleven who have been with the Rushville Home Guards were transferred to the front line soldiers corps of Rushville.

"Meeting tonight at 7:30 o'clock in the Glory Room and at 8 o'clock in the large room. Come and get blessed."

There is neither thunder nor lightning in the Arctic circle.

Asserts New Discovery
Brings Blessed Relief To Rose
and Hay Fever Sufferers

Can Make It Yourself At Home At Trifling Expense

In spite of all the doctors and medicine, a man in the community who changed his annoying and distressing hay fever into less than a cold, claims most emphatically that if taken in time hay fever can be cured or at least made so harmless that it is not even bothersome.

"We make this discovery to scores of other sufferers with the most remarkable results and have recently been asked to make a discovery. It is through the use of a certain natural product that we have made this discovery. If you will make up a pint and use it for a week or ten days, you will be surprised if your hay fever is not cured or at least made so harmless that it is not even bothersome."

most nothing. Get a one quart bottle of Mountain-Arctic at any drug store, pour the contents into a pint bottle and fill the pint bottle with water that has been boiled.

Then gargle as directed and twice daily, snuff or spray each nostril thoroughly.

That's all there is to it. A simple thing a lot of people will say that it is not the work, but the attitude of mind that counts. The fact is that if you will make up a pint and use it for a week or ten days, you will be surprised if your hay fever is not cured or at least made so harmless that it is not even bothersome."

If You Have Money

We want you farmers to consider these facts before spending it:

Fence is one of the few articles that has decreased materially in price in the last two years.

You can get from our unusual assortment any kind of fence you want and at the right price.

Fall is an excellent time to build fence. Why not spend your time and money advantageously this fall by repairing and building your fences?

J. P. Frazee & Son

This is the open season for stains

Dad acquires grease from the lawn mower and motor car. A splash of strawberry or blackberry sundae mars Daughter's middy. Towser prances with oily feet on Son's shirt or trousers. Fruit juices tint Mother's table linen and best dresses.

The study and removal of stains is a specialty of our business.

Are you familiar with the treatment for mildew, or for arum lily, or for the stains from your copy pencil?

The removal of these and other marks is part of our service which is yours for the asking, and we can guarantee satisfaction.

LET US TAKE CARE OF YOUR STAINS AND MUSSINESS — WE KNOW HOW.

SIGNIFY INTENTIONS OF ENTERING TEAMS

42 Counties to Participate in Boys' Livestock Judging Contest at State Fair.

24 PRIZES FOR INDIVIDUALS

Lafayette, Ind., Aug. 8—Forty two counties have signified their intention of entering teams of three in the boys' livestock judging contest at the State Fair at Indianapolis the first week in September, according to announcement by Prof. O. P. Gobble of Purdue University, who is in charge of the contest conducted co-operatively by the State Board of Agriculture and Purdue University. This is 16 more counties than were represented last year and it is possible that 50 or more counties will have teams as in a few more the plan has been taken up.

In every county that will send a team, elimination contests will be held so that the best team may be chosen. The first of these contests will be the first week in August in Bartholomew and Dubois counties and the rest will be held each week through August. Some of the counties near Lafayette that have teams will send the boys to the university to coach them all they can before the state contest. The state fair winner will represent Indiana in the contest at the International Livestock Show in Chicago next December, \$100 to defray expenses having been provided by the Board of Agriculture.

The teams will not only compete for \$200 trophy, but for the trip to Chicago as well. There are 24 prizes for individuals, the first being \$100 scholarship to Purdue university and the second a \$75 scholarship. The others are cash prizes ranging from \$30 to third place to \$5 for 24 place.

FARM BRINGS \$35,500

Mrs. H. H. Elliot of 238 North Harrison street has sold her farm of 142 acres to Will Martin for \$250 per acre, receiving \$35,500 for the farm. The farm which was sold is located 2 1/2 miles north of Glenwood, and the new owner is a farmer living northwest of Glenwood.

Holland is planning to hold an international exhibition of devices useful in aerial navigation along commercial lines.

CONVENTION ON WHEEL FOR NATIONAL EDITORS

During Next Two Days Portland Will be Scene of Association's Annual Convention

GOING TO OREGON TOMORROW

(By United Press.)
Portland, Ore., Aug. 8.—Three hundred members of the National Editorial Association arrived here today on a special train, and during the next two days Portland will be the scene of the association's annual convention.

The "convention on wheels," as it has been called, left Chicago July 26, proceeding through Canada and stopping at Winnipeg, Edmonton and Vancouver.

The editors will go to Oregon City, Oregon, tomorrow where the officers of the association will officiate at the unveiling of a monument commemorating the establishment of the first newspaper on the Pacific coast.

Leaving Portland Sunday, the "convention on wheels" will go to Medford, Ore., whence Medfordites will take the entire party in automobiles on a two-day trip through Crater Lake national park.

Returning to Portland the newspapermen will journey on their special train to Tacoma Wednesday and visit Rainier national park. A business session will be held in Tacoma the following day. Seattle will be the scene of another business meeting Friday. Victoria, B. C., will be reached Sunday and the final business session of the convention will be held there the next day. The return trip to Chicago is to be started from Vancouver, B. C., August 19.

Paris—The American Society for French Wounded has decided to build at Rheims, at a cost of \$100,000, an American war memorial hospital.

BILIOUSNESS Caused by Acid-Stomach

If people who are bilious are treated according to local symptoms they seldom get very much better. Whatever relief is obtained is usually temporary. Trace biliousness to its source and remove the cause and the chances are that the patient will remain strong and healthy. O

Doctors say that more than 70 non-organic diseases can be traced to an Acid-Stomach. Biliousness is one of them. Indigestion, heartburn, belching, sour stomach, bloated and gas are other signs of acid-stomach. EATONIC, the marvelous modern stomach medicine, brings quick relief from these stomach miseries which lead to a long train of ailments that make life miserable if not corrected. EATONIC literally absorbs and carries away the excess acid. Makes the stomach strong, cool and comfortable. Helps digestion; improves the appetite and you then get full strength from your food. Thousands say that EATONIC is the most effective stomach remedy in the world. It is the help YOU need. Try it on our money-back-if-not-satisfied guarantee. At all druggists. Only 50c for a big box.

EATONIC (FOR YOUR ACID-STOMACH)

Have your Automobile Body and Fenders repaired and save 50 to 70 per cent. Strictly high class work done. Special bodies and alteration work. M. D. YETTA.

TO NAME CONVENTION CITY

Directors of U. S. Chamber of Commerce Visit Seattle Today.

Portland, Ore., Aug. 8—Members of the board of directors of the United States Chamber of Commerce spent yesterday in Portland. The party, which is made up of 25 members, left Chicago July 27, for a tour of western cities. They have visited Omaha, Denver, Salt Lake City, Los Angeles and San Francisco.

The directors will hold a meeting in Seattle today, at which time, it is expected, the 1920 convention city will be selected. Glacier national park and Minneapolis will be visited by the party on its return trip to Chicago.

The annual number of pilgrims to Mecca often exceeds 100,000.

The Biggest TIRE BARGAIN

An Extra Low Price

right now in the middle of the buying season makes the kind of a buying opportunity rarely obtainable.

This tire is the latest type

Rib-Grip Tread AUBURN TIRES

Personally w. K. m. Initialed

A Tire which gives you:—

1st. One extra ply of fabric in every size, with naturally much greater power to resist blowouts.

2nd. Finest Egyptian fabric even in Ford sizes, as compared with cheaper peeler fabric commonly used.

3rd. Strictly hand made and carefully inspected.

4th. Tough white rubber tread with universal non-skid, which is right for both front and rear, thus making tires good for 25% greater service.

5th. MORE PARA RUBBER in the fabric, between the plies and in the tread than has ever been put in any tire before.

PRICES

Within a few days your dealer will offer certain special concessions which will make AUBURN TIRES decidedly your best buy.

The business reason is simply to get the splendid service giving qualities of these new 1919 AUBURN tires better known—until our big full-page monthly advertising in the Saturday Evening Post (which will begin soon) has the time to produce its national results and match up with increased manufacturing facilities.
